Commentary On The Apocalypse Fathers Of The Church Patristic Series:

The Enduring Authority of the Christian Scriptures D. A. Carson, 2016-02-29 Valuable insights into key disputed topics from a veritable who's who of evangelical scholars In this volume thirty seven first rate evangelical scholars present a thorough study of biblical authority and a full range of issues connected to it Recognizing that Scripture and its authority are now being both challenged and defended with renewed vigor editor D A Carson assigned the topics that these select scholars address in the book After an introduction by Carson to the many facets of the current discussion the contributors present robust essays on relevant historical biblical theological philosophical epistemological and comparative religions topics To conclude Carson answers a number of frequently asked questions about the nature of Scripture cross referencing these FAQs to the preceding chapters This comprehensive volume by a team of recognized experts will be the go to reference on the nature and authority of the Bible for years to come CONTRIBUTORS James Beilby Kirsten Birkett Henri A G Blocher Craig L Blomberg D A Carson Graham A Cole Stephen G Dempster Daniel M Doriani Simon Gathercole David Gibson Ida Glaser Paul Helm Charles E Hill Peter F Jensen Robert Kolb Anthony N S Lane Te Li Lau Richard Lints V Philips Long Thomas H McCall Douglas J Moo Andrew David Naselli Harold Netland Osvaldo Padilla Michael C Rea Bradley N Seeman Alex G Smith R Scott Smith Rodney L Stiling Glenn S Sunshine Timothy C Tennent Mark D Thompson Kevin J Vanhoozer Bruce K Waltke Barry G Webb Peter J Williams John D Woodbridge **City of Caesar, City of God** Konstantin M. Klein, Johannes

Wienand, 2022-12-05 When Emperor Constantine triggered the rise of a Christian state he opened a new chapter in the history of Constantinople and Jerusalem In the centuries that followed the two cities were formed and transformed into powerful symbols of Empire and Church For the first time this book investigates the increasingly dense and complex net of reciprocal dependencies between the imperial center and the navel of the Christian world Imperial influence initiatives by the Church and projects of individuals turned Constantinople and Jerusalem into important realms of identification and spaces of representation Distinguished international scholars investigate this fascinating development focusing on aspects of art ceremony religion ideology and imperial rule In enriching our understanding of the entangled history of Constantinople and Jerusalem in Late Antiquity *City of Caesar City of God* illuminates the transition between Antiquity Byzantium and the Middle Ages

The Book of Revelation and the Johannine Apocalyptic Tradition John M. Court, 2000-03-01 This original and unusual book investigates a continuing Johannine apocalyptic tradition represented in three strange Greek texts that are also linked to a Coptic manuscript None of the Greek texts has been published in recent years and they have never been published together or associated in studies of Christian apocrypha John Court well known for his studies on Revelation supplies the text of the Greek manuscripts with English translations introductions and detailed explanatory notes that set the texts and their ideas in the context of Christian views on the future and the afterlife **Commentary on the Apocalypse**

Andrew (Archbishop of Caesarea.), 2011-12-12 The early seventh century Roman Empire saw plague civil war famine and

catastrophic barbarian invasions Eschatological fervour ran high as people were convinced that the end of the world was near Within this climate the most important Greek commentary on the Apocalypse was composed by Andrew Archbishop of Caesarea Cappadocia In 611 Andrew of Caesarea applied his superior exegetical skills to the challenging Book of Revelation and concluded that the end was not near in spite of the crises that the Empire was facing Striking a balance between the symbolic language of the book and its literal prophetic fulfilment Andrew's interpretation is a remarkably intelligent spiritual and thoughtful commentary that encouraged the pursuit of virtue and confidence in the love of God for humanity Standing in the stream of patristic tradition Andrew wove together pre-existing written and oral interpretations of Revelation passages by earlier Fathers and anonymous teachers drawing together various interpretive strands and pointing to a previously unknown rich tradition of Apocalypse interpretation in the Greek East His commentary also influenced the textual transmission of the Apocalypse and created a unique text type Andrew's commentary quickly eclipsed that of Oikoumenios to become the predominant and standard patristic commentary for the Greek East as well as the Slavic Armenian and Georgian Churches Andrew influenced Eastern Christian eschatology and is responsible for the eventual acceptance of Revelation into the canon of the Oriental and Eastern Orthodox Churches This volume offers the first translation of this important commentary into any modern language **The Fathers of the Church**, 1947 **The Ante-Nicene Fathers** Reverend Alexander

Roberts, 2007-05-01 One of the first great events in Christian history was the Council of Nicaea in 325 AD convened to organize Christian sects and beliefs into a unified doctrine The great Christian clergymen who wrote before this famous event are referred to as the Ante-Nicenes and the Apostolic Fathers and their writings are collected here in a ten-volume set The Ante-Nicenes lived so close to the time of Christ that their interpretations of the New Testament are considered more authentic than modern voices But they are also real and flawed men who are more like their fellow Christians than they are like the Apostles making their words echo in the ears of spiritual seekers In Volume VII of the 10-volume collected works of the Ante-Nicenes first published between 1885 and 1896 readers will find the writings of Lactantius Venantius Asterius Urbanus Victorinus and Dionysius This volume also contains writing unattributed to any author but nonetheless considered of great value These writings include The Teaching of the Twelve Apostles Constitutions of the Holy Apostles The Second Epistle of Clement The Nicene Creed and Early Liturgies **Church and Faith in the Patristic Tradition** Gerald

Bonner, 2024-10-28 The articles in this volume complement and continue work brought together on the author's previous collection God's Decree and Man's Destiny The first part focusing on Augustine is largely devoted to the Pelagian controversy but also includes an examination of Augustine's concept of deification and other aspects of his theology The following essays deal with early Christianity in Britain and in particular with the work of St Cuthbert and Bede and the patristic traditions on which they drew while the final ones present reflections on the history of the Church in Late Antiquity The Ante-Nicene Fathers Alexander Roberts, 1886 They Who Endure to the End Everett Berry, 2020-07-30 Is it possible for a true believer

in Christ to apostatize If so how Also how can professing believers know if they are truly born again What assurance can they have that they will never renounce their faith These questions have been asked for centuries as Christians have wrestled with what Scripture says about these matters The search for answers has instilled strong disagreements among Christian traditions In this book we navigate the terrain of this debate by examining the pertinent biblical data surveying the history of major views that have been advocated by various denominations and offering a synthesis of all this material in the hopes that readers can see how Scripture assures believers of their security in Christ

**The Early Church at Work and Worship,
Vol II** Everett Ferguson, 2014-12-25 This is the second volume of Ferguson's collected essays and includes some of his most memorable work
