Commerce in Russian Urban Culture, 1861-1914 William Craft Brumfield, B. V. Anan'ich, I. U. Aleksandrovich Petrov, 2001 Tsarist Russia's commercial class is today receiving serious attention from both Russian and non Russian historians This book is a contribution to that literature Commerce in Russian Urban Culture 1861 1914 examines the relation between the entrepreneurial world especially business and banking and the cultural milieu of Russia Going beyond the commercial cultural connection of charitable activity the contributors to this collaborative project also study cultural activity undertaken by enterprises for their own purposes notably bank and commercial architecture Culture and commerce encompasses two areas in this volume The first is the business milieu itself as a social and cultural phenomenon Class and social stratification types of entrepreneurs and their mentality religious affiliations and charitable activities and donations are covered The second is their impact on the form of cities including not only Moscow and St Petersburg but Odessa and Nizhnii Novgorod Banks insurance companies and large commercial firms reshaped Russian cities with the construction of buildings for their own operations and retail shops stock exchanges mansions and public buildings This book is based on a project of the Kennan Institute for Advanced Russian Studies at the Woodrow Wilson International Center for Scholars **A**

Companion to Russian History Abbott Gleason, 2014-01-28 This companion comprises 28 essays by international scholars offering an analytical overview of the development of Russian history from the earliest Slavs through to the present day Includes essays by both prominent and emerging scholars from Russia Great Britain the US and Canada Analyzes the entire sweep of Russian history from debates over how to identify the earliest Slavs through the Yeltsin Era and future prospects for post Soviet Russia Offers an extensive review of the medieval period religion culture and the experiences of ordinary people Offers a balanced review of both traditional and cutting edge topics demonstrating the range and dynamism of the field

Russia in the European Context, 1789-1914 S. McCaffray, M. Melancon, 2005-05-12 This volume surveys Nineteenth century Russian society and economy and finds that Russian institutions practices and ideas fit the general European pattern for that period of rapid change Even apparently distinctive Russian features deepen our understanding of Europeaness In the Nineteenth century there were still many different ways to be European and excessive generalization based on the experiences of one or two countries obscures the great diversity that still characterized European civilization Moreover these essays bring to light several points at which Russian legislation and thinking provided models and examples for others to follow The authors focus on key elements of how Russians envisaged and constructed their economy and society This is an important contribution that increases understanding of Russian history at a time when Russia's relationship with the West is again debated **Mapping St. Petersburg** Julie A. Buckler, 2018-06-05 Pushkin's palaces or Dostoevsky's slums Many a modern day visitor to St Petersburg has one or more likely both of these images in mind when setting foot in this stage set like setting for some of the world's most treasured literary masterpieces What they overlook is the vast uncharted territory in

between In Mapping St Petersburg Julie Buckler traces the evolution of Russia's onetime capital from a conceptual hierarchy to a living cultural system a topography expressed not only by the city's physical structures but also by the literary texts that have helped create it By favoring noncanonical works and underdescribed spaces Buckler seeks to revise the literary monumentalization of St Petersburg with Pushkin and Dostoevsky representing two traditional albeit opposing perspectives to offer an off center view of a richer less familiar urban landscape She views this grand city the product of Peter the Great's ambitious vision not only as a geographical entity but also as a network of genres that carries historical and cultural meaning We discover the busy messy middle ground of this hybrid city through an intricate web of descriptions in literary works nonfiction writings such as sketches feuilletons memoirs letters essays criticism and urban legends lore songs and social practices all of which add character and depth to this refurbished imperial city

Moscow Caroline Brooke, 2006 Caroline Brooke explores the way in which Moscow has reinvented itself over the years and the fascination it has exerted over the many writers artists and composers who made the city their home

Place, Identity, and Urban Culture Samuel C. Ramer, Blair A. Ruble, 2008 Dilemmas of Russian Capitalism Thomas C. Owen, 2005-02-28 Fedor Chizhov built the first railroad owned entirely by Russian stockholders created Moscow's first bank and mutual credit society and launched the first profitable steamship line based in Archangel In this valuable book Thomas Owen vividly illuminates the life and world of this seminal figure in early Russian capitalism Chizhov condemned European capitalism as detrimental to the ideal of community and the well being of workers and peasants In his strategy of economic nationalism Chizhov sought to motivate merchants to undertake new forms of corporate enterprise without undermining ethnic Russian culture He faced numerous obstacles from the lack of domestic investment capital to the shortage of enlightened entrepreneurial talent But he reserved his harshest criticism for the tsarist ministers whose incompetence and prejudice against private entrepreneurship proved his greatest hindrance Richly documented from Chizhov's detailed diary this work offers an insightful exploration of the institutional impediments to capitalism and the rule of law that plagued the tsarist empire and continue to bedevil post Soviet Russia

Selling to the Masses Marjorie L. Hilton, 2012-01-08 In Selling to the Masses Marjorie L Hilton presents a captivating history of consumer culture in Russia from the 1880s to the early 1930s She highlights the critical role of consumerism as a vehicle for shaping class and gender identities modernity urbanism and as a mechanism of state power in the transition from tsarist autocracy to Soviet socialism Beginning in the late nineteenth century Russia witnessed a rise in mass production consumer goods advertising and new retail venues such as arcades and department stores These mirrored similar developments in other European countries and reflected a growing quest for leisure activities luxuries and a modern lifestyle As Hilton reveals retail commerce played a major role in developing Russian public culture it affected celebrations of religious holidays engaged diverse groups of individuals defined behaviors and rituals of city life inspired new interpretations of masculinity and femininity and became a visible symbol of state influence and provision Through monarchies revolution

civil war and monumental changes in the political sphere Russia's distinctive culture of consumption was contested and recreated. Leaders of all stripes continued to look to the commerce of exchange as a key element in appealing to the masses, garnering political support and promoting a modern nation. Hilton follows the evolution of retailing and retailers alike from crude outdoor stalls to elite establishments through the competition of private versus state-run stores during the NEP and finally to a system of total state control, indifferent workers, rationing and shortages under a consolidating Stalinist state.
