Fourteen on Form William Baer,2009-06 When free verse and its many movements seemed to dominate poetry other writers worked steadfastly insistently and majestically in traditional forms of rhyme and meter Such poets as Anthony Hecht Donald Justice Derek Walcott and Richard Wilbur utilized sonnets villanelles blank verse and many other forms to create dazzling lasting work Their writing posed a counterpoint to free verse sustained a tradition in English language verse and eventually inspired the movement called New Formalism Fourteen on Form Conversations with Poets collects interviews with some of the most influential poets of the last fifty years William Baer editor of The Formalist asks incisive questions that allow writers to discuss in detail a wide range of topics related to their work methods of composition and the contemporary poetry scene Maxine Kumin reflects on being a woman poet during a period in which women were not encouraged to submit to journals With clarity and passion Walcott remembers the impetus of his famous Eulogy to W H Auden British poet Wendy Cope talks about the differences between how her barbed poems are received in England and abroad The conversations return continually to the serious matter of poetic craft especially the potential power of form in poetry These well paced conversations showcase poets discussing their creative lives with insight and candor The sum total of their forthright opinions in Fourteen on Form not only elucidates the current situation of the art form but it also serves as a primer for understanding the fundamental craft of poetics

The End of Big Nicco Mele,2013-04-23 How seemingly innocuous technologies are unsettling the balance of power by putting it in the hands of the masses and what a world without big will mean for all of us In TheEnd of Big social media pioneer political and business strategist and Harvard Kennedy School faculty member Nicco Mele offers a fascinating sometimes frightening look at how our ability to stay connected constantly instantly and globally is dramatically changing our world Governments are being upended by individuals relying only on social media Major political parties are seeing their power eroded by grassroots forces through online fund raising Universities are scrambling to preserve their student populations in the face of less expensive more accessible online courses Print and

broadcast news outlets are struggling to compete with citizen journalists and bloggers Our traditional institutions are being disrupted in revolutionary ways some for the better But as Nicco Mele argues the benefits of new technology come with unintended consequences In *The End of Big* Mele examines How fringe political forces enter the mainstream and gain traction using everyday technology with the enormous potential to undermine central power What happens when investigative journalism is replaced by ad hoc bloggers mobile video and instantaneous tweets and whether they challenge or simply enable power Why Web based micro businesses are outcompeting major corporations and what innovations will alter the way we work own things and pay for goods and services The collapse of traditional party politics and the rise of a new kind of democracy one which could produce dynamic and effective leaders or demagogues How citizen initiatives can replace local and state government functions such as safety regulations tax collection and garbage pickup and do so cheaper faster and better Mele argues that unless we exercise caution in our use of these new technologies we risk a dark and wildly unstable future one in which our freedoms and basic human values could be destroyed rather than enhanced Both hopeful and alarming *The End of Big* is a thought provoking passionately argued book that offers genuine insight into the ways we are using technology and how it is radically changing our world in ways we are only now beginning to understand

First Loves Carmela Ciuraru, 2001 Readers will be delighted by the intimate reflections on life and poetry found in *First Loves* Affording close up views of today's best poets the book also re introduces readers to the timeless poems they selected Featuring many Pulitzer Prize and National Book Award winners the book includes essays by Seamus Heaney Robert Pinsky Jorie Graham Yusef Komunyakaa and many others
