The Connection Between Your Five Organ Energies, Genetics, and Cancer Harold Lee, 2025-03-06 Cell based treatment is sometimes misinterpreted which is why organ based diagnosis should be prioritized Initially one should focus on macro diagnosis to assess the organ then examine the tissue dermal layer and finally analyze the cell based symptoms This approach provides a more accurate direction for diagnosing diseases This book offers a method for measuring the energy balance of your five organs based on your birth date providing a wealth of information It helps you understand your genetic predisposition for each organ and examines the interrelationships among them You will learn how to score the energy levels identifying which organs have excess energy scoring over 30 points and which are deficient scoring less than 10 points Additionally this book explains how to understand the dynamic relationships among your five organ energy balances and how to identify potential health issues

Extra Scientiam Nulla Salus Dr. Thomas Stark, Blaise Pascal wrote Men are so necessarily mad that not to be mad would amount to another form of madness Curing humanity of its madness is the biggest challenge there is The only remedy is to subject everyone from the day they are born to an educational regime of reason logic clear and critical thinking i.e. Logos thinking and to teach them to see straight through emotional Mythos and understand it for exactly what it is emotional lies to seduce manipulate exploit and control the gullible masses The sensory Mythos of scientism is as dangerous as the emotional and mystical Mythos of mainstream religion Only Logos rationalism and idealism can provide Ariadne's golden thread to lead us out of the labyrinth of the lunatics where the Minotaur of Madness devours everyone ritually offered up to it It's time to slay the Minotaur and make humanity sane
