SEVENTEENTH-CENTURY ENGLAND

Laura Gowing

Common Bodies Women Touch And Power In Seventeenth Century England

Lisa Hopkins,Aidan Norrie

Common Bodies Women Touch And Power In Seventeenth Century England:

Common Bodies Laura Gowing, 2021-06-08 This pioneering book explores for the first time how ordinary women of the early modern period in England understood and experienced their bodies Using letters popular literature and detailed legal records from courts that were obsessively concerned with regulating morals the book recaptures seventeenth century popular understandings of sex and reproduction This history of the female body is at once intimate and wide ranging with sometimes startling insights about the extent to which early modern women maintained or forfeited control over their own bodies Laura Gowing explores the ways social and economic pressures of daily life shaped the lived experiences of bodies the cost of having a child the vulnerability of being a servant the difficulty of prosecuting rape the social ambiguities of widowhood She explains how the female body was governed most of all by other women wives and midwives Gowing casts new light on beliefs and practices of the time concerning women's bodies and provides an original perspective on the history of women and gender

Women on the Edge in Early Modern Europe Lisa Hopkins, Aidan Norrie, 2025-10-01 *Women on the Edge in Early Modern Europe* examines the lives of women whose gender impeded the exercise of their personal political and religious agency with an emphasis on the conflict that occurred when they crossed the edges society placed on their gender Many of the women featured in this collection have only been afforded cursory scholarly focus or the focus has been isolated to a specific famous event This collection redresses this imbalance by providing comprehensive discussions of the women's lives placing the matter that makes them known to history within the context of their entire life Focusing on women from different backgrounds such as Marie Meurdrac the French chemist Anna Trapnel the Fifth Monarchist and prophetess and Cecilia of Sweden princess margravine countess and regent this collection brings together a wide range of scholars from a variety of disciplines to bring attention to these previously overlooked women

Describing Women's Clothing in Eighteenth-century England Elizabeth Spencer, 2024 Descriptions of women's clothing increasingly circulated across textual genres and beyond in eighteenth century England This book explores the significance of these descriptions across a range of sources including wills newspapers accounts court records and the records of the old poor law Attention has rested on women literate and wealthy enough to leave behind textual or material traces but this book ranges from the parish pauper to the gentlewoman to consider descriptive languages rhetorical strategies and relationships with clothing across the social hierarchy It explores how women described their own clothing but also looks at how it was described by overseers family members retailers and even strangers It shows that we must look beyond isolated descriptions to how why and who was describing clothing to understand its role Chapters uncover themes of material obligation expectation and entitlement

Seventeenth-Century Mother's Advice Books M. Urban, 2006-02-04 Advice books published by women were a popular genre in Seventeenth and early Eighteenth century England and they were moral manuals with strong religious overtones Here Urban highlights a notable exception *Age Rectified* which counsels women to acquire a disposition of mind in old age

which allows them to be accepted by younger generations *Menstruation and the Female Body in Early Modern England*
S. Read, 2013-10-31 In early modern English medicine the balance of fluids in the body was seen as key to health

Menstruation was widely believed to regulate blood levels in the body and so was extensively discussed in medical texts Sara Read examines all forms of literature from plays and poems to life writing and compares these texts with the medical theories

Reading Early Modern Women Helen Ostovich, Elizabeth Sauer, 2004-08-02 Much has been written about women of the English Renaissance but few examples of women's writing from that era have been readily available until now This remarkable anthology assembles for the first time 144 primary texts and documents written by women between 1550 and 1700 and reveals an unprecedented view of the intellectual and literary lives of women in early modern England The writings range from poetry to philosophical treatises addressing a wide array of subjects including law gender education motherhood medicine religion life writing and the arts Each selection is paired with a beautifully reproduced facsimile of the text's original source manuscript allowing a glimpse into the literary past that will lead the reader to truly appreciate the care and craft with which these women writers prepared their texts This essential anthology is a captivating guide to the legacy of early modern women's literature and its authors that must not be overlooked Old, Bold and Won't be Told Yvonne

Oram, 2013 Old women in Early Modern plays are stereotypically presented as ugly randy mouthy mad So Shakespeare is rare among dramatists of the day for his lively and empowering depictions of ageing ladies This well researched accessible book looks at the way his old women subvert the stereotypes There is particular focus on Paulina in *The Winter's Tale* as a uniquely powerful old woman **Ritual and Conflict: The Social Relations of Childbirth in Early Modern England**

Adrian Wilson, 2016-04-08 This book places childbirth in early modern England within a wider network of social institutions and relationships Starting with illegitimacy the violation of the marital norm it proceeds through marriage to the wider gender order and so to the ceremony of childbirth the popular ritual through which women collectively controlled this the pivotal event in their lives Focussing on the seventeenth century but ranging from the sixteenth to the eighteenth century this study offers a new viewpoint on such themes as the patriarchal family the significance of illegitimacy and the structuring of gender relations in the period **Prostitution and Social Control in Eighteenth-Century Ports** Marion

Pluskota, 2018-10-24 In the last third of the eighteenth century Bristol and Nantes were two of the most active commercial ports of England and France despite a slowdown of their economy Their economies were based primarily on the maritime trade but they developed alongside Atlantic industries that attracted many migrants both male and female from the surrounding countryside and from abroad The busy urban environment the high number of sailors and single men migrating to the port and the decline of female house based proto industries were factors encouraging the development of prostitution How prostitution is perceived in the context of social control and urban change is key to understanding the evolving attitudes to gender and sexuality in the eighteenth century In this comparative study Marion Pluskota offers an analysis of the lives of

prostitutes that looks beyond a purely criminal perspective and which encompasses their roles within their families relationships and social networks Using police and judicial records she provides a valuable corrective to the narrow analysis of prostitutes in terms of immorality or deviance The unique forms of development and problems faced by port cities in the early modern period make them particularly interesting subjects for comparative history This book is well suited for those who study social history gender and women s history

Marital Violence Elizabeth Foyster, 2005-08-25 This book exposes the hidden history of marital violence and explores its place in English family life between the Restoration and the mid nineteenth century In a time before divorce was easily available and when husbands were popularly believed to have the right to beat their wives Elizabeth Foyster examines the variety of ways in which men women and children responded to marital violence For contemporaries this was an issue that raised central questions about family life the extent of men s authority over other family members the limitations of women s property rights and the problems of access to divorce and child custody Opinion about the legitimacy of marital violence continued to be divided but by the nineteenth century ideas about what was intolerable or cruel violence had changed significantly This accessible study will be invaluable reading for anyone interested in gender studies feminism social history and family history

While this might not be the Common Bodies Women Touch And Power In Seventeenth Century England full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Common Bodies Women Touch And Power In Seventeenth Century England eBooks, including some popular titles.

FAQs About Common Bodies Women Touch And Power In Seventeenth Century England Books

What is a Common Bodies Women Touch And Power In Seventeenth Century England PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Common Bodies Women Touch And Power In Seventeenth Century England PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Common Bodies Women Touch And Power In Seventeenth Century England PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Common Bodies Women Touch And Power In Seventeenth Century England PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Common Bodies Women Touch And Power In Seventeenth Century England PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by

their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
