landowners into increasingly sharp conflict and led to the progressive proletarianization of the region's peasantry during the last decades of the Spanish colonial era. It is no accident given this history that the Guadalajara region was one of the major areas of armed insurrection for most of the decade during Mexico's struggle for independence from Spain. By highlighting the way haciendas worked and changed over time, this indispensable study illuminates Mexico's economic and social history, the movement for independence, and the origins of the Mexican Revolution. *Photography*, 1908 **The Nation**, 1910
