Jahrhunderts 7 entries in the bibliography language Dutch abstract Het doel van dit werkstuk is een verhaalanalyse van het boek *De ver wording van de jongere Durer* van Leon de Winter verschenen in 1978 In het onderzoek houd ik me vooral bezig met de formele analyse Van belang is hierbij dat via de vorm de inhoud wordt weergegeven De verhaalanalyse berust op de studies *Literair mechaniek* van Erica van Boven en Gilles Dorleijn en *Vertelduivels* van Luc Herman en Bart Vervaeck Eerst geef ik een korte inleiding van het verhaal Daarbij zal ik een definitie van het literaire genre van de roman geven Vervolgens zal ik onder het grote zwaartepunt verhaaltheorie de aspecten tijd ruimte en personages nader bekijken Onder dat laatste punt beschrijf ik voor het eerst de protagonist Durer nader aansluitend de bijfiguren Tenslotte volgt een verteltheoretisch onderzoek dat zich vooral met de verandering van de vertelinstantie in verband met de verandering van Durer bezighoudt

Literary History, Modernism, and Postmodernism Douwe W. Fokkema, 1984-01-01 In these lectures delivered at Harvard University in March 1983 the differences between Modernism and Postmodernism are discussed in semiotic terms based on a contrastive analysis of semantic and syntactical compositional features They present the major results of research into the literary conventions of Modernism Gide Larbaud V Woolf du Perron Th Mann and the innovations of Postmodernism Borges Fuentes Barthelme Calvino Hermans The investigation of innovation in literary history is based on a concept of literary evolution launched by the Russian Formalists and elaborated by reception theory and semioticians such as Lotman and Eco The author argues for further corroboration by means of empirical textual as well as psychological research

The Berkeley Conference on Dutch Literature- 1991 Johan P. Snapper, Thomas F. Shannon, 1993-03-16 The aspects of Dutch Literature discussed in the papers presented in this volume are The Status of Dutch Literature in the 16th and 17th Centuries Europe in the 18th Century Possibilities and Dangers of Aestheticism in Two Novels of Louis Couperus Foreign Models for the Postwar Poetic Development in the Low Countries The Bind of Double Metonymy A Mirror for Translators The Indonesian Connection Expressionism and New Objectivity The Second World War in Dutch and German Literature Lucebert versus Breytenbach Leon de Winter and Perter Handke Varieties of Postmodernism Postmodern Tendencies in American and Dutch Poetry Dutch Literature in the World Diagnosis and Prognosis Co published with the American Association for Netherlandic Studies

International Postmodernism Hans Bertens, Douwe W. Fokkema, 1997-02-20 Containing more than fifty essays by major literary scholars International Postmodernism divides into four main sections The volume starts off with a section of eight introductory studies dealing with the subject from different points of view followed by a section that deals with postmodernism in other arts than literature while a third section discusses renovations of narrative genres and other

strategies and devices in postmodernist writing The final and fourth section deals with the reception and processing of postmodernism in different parts of the world Three important aspects add to the special character of International Postmodernism The consistent distinction between postmodernity and postmodernism equal attention to the making and diffusion of postmodernism and the workings of literature in general and the focus on the text and the reader i e the reader s knowledge experience interests and competence as crucial factors in text interpretation This comprehensive study does not expressly focus on American postmodernism although American interpretations of postmodernism are a major point of reference The recognition that varying literary and cultural conditions in this world are bound to produce endless varieties of postmodernism made the editors Hans Bertens and Douwe Fokkema opt for the title International Postmodernism
