Coping with Violence in the New Testament Pieter de Villiers, Jan Willem van Henten, 2012-01-20 Violence is present in
the very heart of religion and its sacred traditions also of Christianity and the Bible The problem however is not only that
violence is ingrained in the mere existence of religions with their sacred traditions It is equally problematic to realise that the
icy grip of violence on the sacred has gone unnoticed and unchallenged for a very long time The present publication aims to
contribute to the recent scholarly debate about the interconnections between violence and monotheistic religions by
analysing the role of violence in the New Testament as well as by offering some hermeneutical perspectives on violence as it
is articulated in the earliest Christian writings Contributors include Andries G van Aarde Paul Decock Pieter G R de Villiers

Ernest van Eck Jan Willem van Henten Rob van Houwelingen Kobus Kok Tobias Nicklas Jeremy Punt Jan G van der Watt and Wim Weren Life Time Entirety Helena Maria Keizer, 2010-04-15 Some of the theses developed in this book In the meanings of the ancient Greek word *Aion* lifetime life lot generation all time eternity three notions play a part in variable combinations and with a variable centre of gravity These notions are LIFE TIME ENTIRETY The meaning of the words *aion* and *aionios* in the Greek Bible Septuagint and New Testament is primarily that of the Hebrew word *olam* The Hebrew word *olam* indicates time as it constitutes for us humans the horizon within which we live and which delimits the scope of the knowledge given us This horizon can be limited as a human lifetime but can also be the widest conceivable encompassing all time that is concomitant with the created world and its future When Plato pronounces his famous dictum that time *chronos* is an *aionic* image which proceeds according to number of *aion* which remains at one *Timaeus* 37d the term eternity as the classic translation of *aion* does not give expression to the fact that the word here stands for time as a whole a completeness of time comparable to a lifetime Infinity is not an intrinsic or necessary connotation of *aion* either in the Greek or in the Biblical usage The Greek word *aion* refers to all time seen from outside as a whole the Hebrew word *olam* refers to all time seen from within as a horizon

Geschiedenis van het Nieuwe Testament of Nieuw-Testamentische inleiding Heinrich Ernst Ferdinand Guericke, 1856 *Het Nieuwe Testament* Apostel Arne, **Learning Messiah** Edjan Westerman, 2018-09-27 Israel's election calling and history make up a big part of Scripture It could be said that they belong to the DNA of the Bible But why is it then that the Christian narrative about the Messiah Israel and the nations often seemed to have and sometimes even still has a different genetic structure Does Israel together with its election and promises leave God's stage through a side door when Jesus appears on stage Does a changing of roles take place within a different story Does the Messiah function within it as some kind of black hole in which the eternal election and calling of Israel disappear How do we read God's way The Holocaust made us realize that our de-Jew-ized reading and preaching of Scripture contributed in various ways to this catastrophe And we find ourselves confronted by the question How does the narrative of the Bible then look when the whole of Scripture plays a decisive role and the faithfulness of God toward Israel stays in the center This book presents an answer to these questions calling us to learn to read God's way anew and to walk in it
