Religions Patrick Taylor, Frederick I. Case, 2013-04-30 The Encyclopedia of Caribbean Religions is the definitive reference for Caribbean religious phenomena from a Caribbean perspective. Generously illustrated, this landmark project combines the breadth of a comparative approach to religion with the depth of understanding of Caribbean spirituality as an ever-changing and varied historical phenomenon. Organized alphabetically, entries examine how Caribbean religious experiences have been shaped by and have responded to the processes of colonialism and the challenges of the postcolonial world. Systematically organized by theme and area, the encyclopedia considers religious traditions such as Vodou, Rastafari, Sunni Islam, Sanatan Dharma, Judaism, and the Roman Catholic and Seventh-day Adventist churches. Detailed subentries present topics such as religious rituals, beliefs, practices, specific historical developments, geographical differences, and gender roles within major traditions. Also included are entries that address the religious dimensions of geographical territories that make up the Caribbean. Representing the culmination of more than a decade of work by the associates of the Caribbean Religions Project, The Encyclopedia of Caribbean Religions will foster a greater understanding of the role of religion in Caribbean life and society in the Caribbean diaspora and in wider national and transnational spaces.

Religion in the Kitchen Elizabeth Pérez, 2016-02-16 Honorable Mention 2019 Barbara T. Christian Literary Award given by the Caribbean Studies Association. Winner 2017 Clifford Geertz Prize in the Anthropology of Religion presented by the Society for the Anthropology of Religion section of the American Anthropological Association. Finalist 2017 Albert J. Raboteau Prize for the Best Book in Africana Religions presented by the Journal of Africana Religions. An examination of the religious importance of food among Caribbean and Latin American communities. Before honey can be offered to the Afro-Cuban deity Ochún, it must be tasted to prove to her that it is good. In African-inspired religions throughout the Caribbean, Latin America, and the United States, such gestures instill the attitudes that turn participants into practitioners. Acquiring deep knowledge of the diets of the gods and ancestors constructs adherents' identities to learn to fix the gods' favorite dishes is to be seasoned into their service. In this innovative work, Elizabeth Pérez reveals how seemingly trivial micropractices such as the preparation of sacred foods are complex rituals in their own right. Drawing on years of ethnographic research in Chicago among practitioners of Lucum, the transnational tradition popularly known as Santería, Pérez focuses on the behind-the-scenes work of the primarily women and gay men responsible for feeding the gods. She reveals how cooking and talking around the kitchen table have played vital socializing roles in Black Atlantic religions. Entering the world of divine desires and the varied flavors that speak to them, this volume takes a fresh approach to the anthropology of religion. Its richly textured portrait of a predominantly African American Lucum community reconceptualizes race, gender, sexuality, and affect in the formation of religious identity, proposing that every religion coalesces and sustains itself through its own secret recipe of micropractices.
