Library Collection Development

Policies Frank Hoffmann, Richard J. Wood, 2005-08-25 This book represents an ongoing effort to fill the void in the library literature relating to collection development policies The authors whose experience each spans four decades as library educators and practitioners created the book as well as a forthcoming companion volume devoted to school libraries to assist both library school students and professionals in the field in the compilation revision and implementation of collection development policies Cutting edge trends such as digital document delivery and library cooperation are also covered Furthermore given the premise that a well rounded policy reflects all activities concerning the collection management process including the evaluation selection acquisition and weeding of information resources it is hoped that this work will also prove useful to non librarians possessing some kind of stake in high quality library holdings such as library board members politicians and administrators directly responsible for library operations and institutional patrons
