Comics Seattle Times:

A History of Underground Comics Mark Estren, 2012-09-04 In the land that time forgot 1960s and 1970s America Amerika to some there once were some bold forthright thoroughly unashamed social commentators who said things that couldn't be said and showed things that couldn't be shown They were outrageous hunted pursued hounded arrested busted and looked down on by just about everyone in the mass media who deigned to notice them at all They were cartoonists underground cartoonists And they were some of the cleverest most interesting social commentators of their time as well as some of the very best artists whose work has influenced the visual arts right up until today A History of Underground Comics is their story told in their own art in their own words with connecting commentary and analysis by one of the very few media people who took them seriously from the start and detailed their worries concerns and attitudes in broadcast media and in this book in print Author Mark James Estren knew the artists lived with and among them analyzed their work talked extensively with them received numerous letters and original drawings from them and it's all in A History of Underground Comics What Robert Crumb really thinks of himself and his neuroses how Gilbert Shelton feels about Wonder Wart Hog and the Fabulous Furry Freak Brothers how Bill Griffith handled the early development of Zippy the Pinhead where Art Spiegelman's ideas for his Pulitzer prize winning Maus had their origins and much much more Who influenced these hold nothing sacred cartoonists Those earlier artists are here too Harvey Kurtzman famed Mad editor and an extensive contributor to A History of Underground Comics Will Eisner of The Spirit in his own words and drawings From the bizarre productions of long ago nearly forgotten comic strip artists such as Gustave Verbeek who created 12 panel strips in six panels you read them one way then turned them upside down and read them that way to modern but conventional masters of cartooning they're all here all talking to the author and the reader and all drawing drawing drawing The underground cartoonists drew everything from over the top sex a whole chapter here to political commentary far beyond anything in Doonesbury that is here too to analyses of women's issues and a host of societal concerns From the gorgeously detailed to the primitive and childlike these artists redefined comics and cartooning not only for their generation but also for later cartoonists In A History of Underground Comics you read and see it all just as it happened through the words and drawings of the people who made it happen And what it did they make happen They raised consciousness sure but they also reflected a raised consciousness and got slapped down more than once as a result The notorious obscenity trial of Zap 4 is told here in words testimony and illustrations including the exact drawings judged obscene by the court Community standards may have been offended then quite intentionally Readers can judge whether they would be offended now And with all their serious concerns their pointed social comment the undergrounds were fun in a way that hidebound conventional comics had not been for decades Demons and bikers funny animals and Walt Disney parodies characters whose anatomy could never be and ones who are utterly recognizable all come together in strange peculiar bizarre and sometimes unexpectedly affecting and even

beautiful art that has never since been duplicated despite its tremendous influence on later cartoonists It s all here in A History of Underground Comics told by an expert observer who weaves together the art and words of the cartoonists themselves into a portrait of a time that seems to belong to the past but that is really as up to date as today s headl *Comic (and Column) Confessional* Dave Astor,2012 When you stay in one job for a quarter century it helps to have good reasons for doing so Here are a few Heloise Arianna Huffington Gary Larson The Far Side Lynn Johnston For Better or For Worse Mort Walker Beetle Bailey Abigail Van Buren Dear Abby Ann Landers Hillary Clinton Walter Cronkite Martha Stewart Coretta Scott King Herblock Charles Schulz Peanuts Stan Lee Spider Man Garry Trudeau Doonesbury and Bill Watterson Calvin and Hobbes The part humorous Comic and Column Confessional chronicles Astor s twenty five years as newspaper syndication reporter for Editor Publisher magazine with candor and anecdotes about famous people such as those named above The important period in media history covered shows how the digital revolution media mergers and the shrinking newspaper business changed journalism forever *Comics of the Anthropocene* José Alaniz,2025-06-18 Since the first Earth Day in 1970 how have US comics artists depicted the human caused destruction of the natural world How do these representations manifest in different genres of comics like superheroes biography underground comix and journalism What resources unique to the comics medium do they bring to their tasks How do these works resonate with the ethical and environmental issues raised by global conversations about the anthropogenic sixth mass extinction and climate change How have comics mourned the loss of nature over the last five decades Are comics ecological objects in philosopher Timothy Morton s parlance Weaving together insights from comics studies environmental humanities critical animal studies and affect studies to answer these questions *Comics of the Anthropocene Graphic Narrative at the End of Nature* explores the representation of animals pollution mass extinctions and climate change in the Anthropocene Era our current geological age of human induced environmental transformation around the globe Artists and works examined in *Comics of the Anthropocene* include R Crumb Don McGregor et al s Black Panther Jack Kirby s Kamandi The Last Boy on Earth the comics of the Pacific Northwest and Stephen Murphy and Michael Zulli s landmark alternative series The Puma Blues This book breaks new ground in confronting our most daunting modern crisis through a discussion of how graphic narrative has uniquely addressed the ecology issue *Black Comics* Sheena C.
