Coming Together An Adoptees Story:

The Dance of Identities John D. Palmer, 2010-10-04 Korean adoptees have a difficult time relating to any of the racial identity models because they are people of color who often grew up in white homes and communities. Biracial and nonadopted people of color typically have at least one parent whom they can racially identify with, which may also allow them access to certain racialized groups. When Korean adoptees attempt to immerse into the Korean community, they feel uncomfortable and unwelcome because they are unfamiliar with Korean customs and language. *The Dance of Identities* looks at how Korean adoptees dance or engage with their various identities: white Korean, Korean adoptee, and those in between and beyond, and begin the journey toward self-discovery and empowerment. Throughout the author draws closely on his own experiences and those of thirty-eight other Korean adoptees, mainly from the U.S. Chapters are organized according to major themes that emerged from interviews with adoptees. *Wanting to be like White* examines assimilation into a White middle-class identity during childhood. Although their White identity may be challenged at times, for the most part, adoptees feel accepted as honorary Whites among their families and friends. *Opening Pandora's Box* discusses the shattering of adoptees' early views on race and racism and the problems of being raised colorblind in a race-conscious society. *Engaging and Reflecting* is filled with adoptee voices as they discover their racial and transracial identities as young adults. During this stage, many engage in activities that they believe make more culturally Korean, such as joining Korean churches and Korean student associations in college. *Questioning What I Have Done* delves into the issues that arise when Korean adoptees explore their multiple identities and the possible effects on relationships with parents and spouses. In *Empowering Identities*, the author explores how adoptees are able to take control of their racial and transracial identities by reaching out to parents, prospective parents, and adoption agencies, and by educating Korean and Korean Americans about their lives. The final chapter, *Linking the Dance of Identities: Theory to Life Experiences*, reiterates for adoptees, parents, adoption agencies, and social justice activists and educators the need for identity journeys and the empowered identities that can result. *The Dance of Identities* is an honest look at the complex nature of race and how we can begin to address race and racism from a fresh perspective. It will be well received by not only members of the Korean adoption community and transracial parents, but also Asian American scholars, educators, and social workers.

To Have and Not to Hold Lorri Antosz Benson, 2016-11-08 When Lorri Antosz Benson, a 24-year-old successful producer for a groundbreaking national television show, finds herself in an impossible situation, she digs deep and faces the heartbreaking reality that the best choice for her beloved new baby is to be raised by someone else. *To Have and Not to Hold* is the poignant account of Lorri's momentous decision to give her daughter for adoption, the resulting heartache, and later the unexpected joy of reconnecting with her daughter and her daughter's adoptive mother. With agonizing yet heartwarming honesty, Lorri offers a profound look at a deep connection of two mothers that is born with the cry of a newborn daughter. What begins as a fragile, tenuous link develops into something dreams and miracles are made of.

relationships that go to the soul are meant to be and are devoid of fear and possessiveness To Have and Not to Hold holds much inspiration for any adoptive parent adoptee or first birthparent but it s a story that anyone will find impossible to put down

Adult Adoptees and Writing to Heal Liz

DeBetta,2023-06-19 We live in a world where conversations about trauma are becoming commonplace and adopted people are using their voices to educate the general public about the effects of maternal separation and genealogical bewilderment But for many adult adoptees the act of speaking truth to power is still fraught Personal writing can unlock long held silences and help adult adoptees feel empowered to rewrite their narratives The need to deconstruct dominant narratives about adoption and its inherent loss and trauma is necessary if we are to reform an institution that has damaged many generations of mothers and children Because many adoptees do not have access to adoption and trauma competent therapists writing is an accessible therapeutic modality that can be used to reframe narratives that position adoptees as the object rather than the subject Adult Adoptees and Writing to Heal shares the framework and method of using writing as a practice for adult adoptees therapists teachers and researchers interested in learning how to migrate and heal embodied trauma It analyzes lived experience and the author s own writing to develop a methodology for moving toward wholeness by writing and speaking the truth of internal adoptee experiences
