discussed but thus far unresolved With useful analysis and practical guidelines it is an essential tool for all practitioners and academics involved in international arbitration Principles of Evidence in Public International Law as Applied by Investor-State Tribunals Kabir Duggal, Wendy W. Cai, 2019-01-14 In *Principles of Evidence in Public International Law as Applied by Investor State Tribunals* Kabir Duggal and Wendy Cai explore the fundamental principles of evidence and how these principles relate to burden of proof and standard of proof By tracing the applications of major principles recognized by the International Court of Justice and applied by investor state tribunal jurisprudence the authors offer valuable insight into the interpretation understanding and nuances of indispensable principles of evidence an area that has been ignored in both investor state arbitration and public international law more generally *Leading Arbitrators' Guide to International Arbitration - Third Edition* Lawrence W. Newman, Richard D. Hill, 2014-04-01 The *Leading Arbitrators Guide to International Arbitration Third Edition* offers thoughtful advice and insights into the world of international arbitration from some of the most prominent and experienced international arbitrators in the world The contributors are arbitrators from Australia Belgium Canada Chile Denmark England France Germany Italy The Netherlands Italy Spain Sweden Switzerland and the USA The contributors offer insights and advice on the way in which international arbitrations are carried out from the point of view of arbitrators reading pleadings and memorials and listening to witnesses and hearing arguments The authors discussions are intended to be thoughtful insightful and useful and perhaps occasionally iconoclastic As a result there may be instances in which the authors disagree with one another on certain points This is to be expected for there are often many routes that can be taken to achieve a result The book will be useful not only to persons who may serve as arbitrators in international arbitral proceedings but also to those who may in their position as advocates wish to persuade persons including perhaps the authors *Arbitration in Switzerland* Dr. Manuel Arroyo, 2018-08-06 *Arbitration in Switzerland*

General International Law in International Investment Law, 2024-01-27 General international law is part and parcel of investor state arbitration This is the case not only regarding treaty law and state responsibility but also with respect to matters such as state succession the international minimum standard and state immunity all of which feature regularly in investor state arbitration Yet although general international law issues arise in almost every investment case and often require extensive research no systematic exploration of the relationship between the two exists This Commentary is the first to fill this gap providing a comprehensive treatment of the role of general international law in international investment law It engages in detail with central matters of general international law including in the practice of investment arbitration tribunals moving beyond existing works which focus solely on procedural and institutional provisions The Commentary's forty six chapters do not focus on a single source or subject Instead each concentrates on a specific relevant article from a particular source of public law such as the Vienna Convention on the Law of Treaties 1969 or the International Law Commission's Articles on the Responsibility of States for Internationally Wrongful Acts 2001 among others The entries

combine detailed analysis with an examination of procedural and substantive aspects such as nationality and unjust enrichment and respond to the following questions how have investment tribunals interpreted and applied the specific rule of general international law To what extent and why does such interpretation and application align with or deviate from the practice by other international courts or tribunals How could and should investment tribunals interpret and apply rules that have yet to feature in investment arbitration This unique format means this commentary will serve as a central guide for all relevant case law and scholarship on international investment law
