Commercial Law 2nd Edition By Chuah Jason 2013 Paperback:

Transnational Commercial Law Maren Heidemann, 2018-11-14 Transnational Commercial Law is a textbook that deals predominantly with substantive legal contract rules that apply across borders and are designed to govern cross border business transactions This is an emerging field of research teaching and practical interest in international trade and commercial law requiring reference to multiple areas of law including both private and public international law the law of specific commercial transactions and arbitration For the first time Transnational Commercial Law combines all these relevant issues in one book and provides a basis for further study as well as detailed cutting edge academic analyses It provides a compact yet accessible guide to the most important cornerstones of this evolving legal discipline Transnational Commercial Law is aimed primarily for use on LLM courses and master s programmes in commercial law Students are presented with the actual contractual rules in the wider context of the general legal framework and situates it within the theoretical debate providing a truly international perspective on transnational commercial law in a globalised world

Commercial and Maritime Law in China and Europe Shengnan Jia, Lijun Liz Zhao, 2022-12-26 Both China and Europe have a long tradition of commercial and maritime law and this new book examining various topics from their particular perspectives is both timely and important It links the vital component of maritime law with commercial law financial law and trade policy The book has performed a remarkable task in making connections between China and Europe through the lenses of substantive and procedural laws covering a wide range of areas including commercial law insurance law salvage EU maritime law and Brexit carriage of goods by sea arbitration mediation litigation the recently formed China International Commercial Court and different liability regimes as well as a brief look forward into new initiatives and artificial intelligence in the digital age In these challenging times we all have much to learn from each other in seeking to find answers to what are often difficult problems This book provides a welcome opportunity for anyone interested in commercial and maritime law to engage in that learning exercise and looking ahead thereby to help solve such problems as may arise in the future in a practical and fair manner It is therefore of great relevance to both the academic field and the legal practice field in China and Europe

International Trade and Carriage of Goods Baris Soyer, Andrew Tettenborn, 2016-07-22 This book consists of edited versions of the papers delivered at the Institute of International Shipping and Trade Law s 11th International Colloquium held at Swansea Law School in September 2015 Featuring a team of contributors at the top of their profession both in practice and academia these papers have been carefully coordinated so as to ensure to give the reader a first class insight into the issues surrounding international sale and carriage contracts The book is set out in three parts Part I offers a detailed and critical analysis on emerging issues and unresolved questions in international sales and the carriage contracts affected to facilitate such sales Part II critically and thoroughly analyses the legal issues that often arise in the context of security over goods letters of credit and similar documents Part III is dedicated to a critical and up to date discussion on

matters concerning cargo insurance in this context With its breadth of coverage and high quality analysis this book is vital reading for both professional and academic readers with an interest in international trade and carriage of goods Third Party Funding for Dispute Resolution Beibei Zhang,2021-03-25 This book represents a comparative study of Third Party Funding TPF and its regulation in England Hong Kong Singapore the Netherlands and the Mainland of China It provides a general review of the background in which TPF grows and the platform where third party funders are allowed to operate In each and every chosen jurisdiction the book analyses the legal risks related to TPF the regulatory measures and the questions surrounding the challenges that lay ahead This book is featured by the empirical study of the Chinese TPF market As of the time of this writing TPF activities operating in China have not been expanded upon in English or Chinese literature The language barrier may be one reason The lack of empirical materials may also contribute to this situation In order to obtain some first hand evidence of the TPF market in China the author conducted empirical research in Shenzhen with the assistance of Chinese third party funders and some local organizations and authorities The empirical study took the form of questionnaire surveys The first survey saw in total 175 responses and the second saw 18 responses Due to the fact that many funding arrangements for commercial disputes are kept in the dark it is hard if not impossible to measure the size of the Chinese TPF market This study provides a dataset that serves a humble purpose namely to offer an insight into the Chinese TPF market rather than to grasp the full picture of the industry *Research Handbook on Maritime Law and Regulation* Jason Chuah,2019 There have been important developments in commercial practice technology shipping infrastructure and sustainability policies in recent times This Research Handbook examines the major themes surrounding the thinking and studies of maritime law and practice The stellar panel of contributors take a diverse range of approaches to identify any emerging theoretical and conceptual perspectives in law on what is essentially a fast paced sector of the global economy

The Rotterdam Rules and International Trade Law Ioanna Magklasi,2018-09-03 This book offers an original academic study of the Rotterdam Rules It analyses the salient articles that will have an impact on international sale contracts governed by English law including the most popularly used international law instruments terms and standard sale contracts Looking beyond the legal relationship of carrier shipper and carrier receiver this book examines the important articles of the Rotterdam Rules that affect the ability of the trading protagonists to perform their sale contract **Maritime Law in China** Johanna Hjalmarsson,Jenny Jingbo Zhang,2016-09-19 The Chinese maritime and shipping market has been expanding enormously in recent times as its commercial capacity to perform shipping ship building banking and insurance activities grows and the role of the State as guarantor of commerce is gradually reduced This book provides a detailed guide to current Chinese maritime law written by an expert team of contributors and systematically covering key areas such as carriage of goods by sea international trade vessels and seafarers and maritime liabilities The authors explore cutting edge issues within each topic and analyse current trends in law reform The book will be of interest to academics researching commercial and

maritime law as well as maritime law practitioners and shipping industry professionals working with aspects of Chinese maritime practice Cases and Materials on the Carriage of Goods by Sea Anthony Rogers, Jason Chuah, Martin Dockray, 2019-10-23 Cases and Materials on the Carriage of Goods by Sea fifth edition offers tailored coverage of the most commonly taught topics on Carriage of Goods by Sea courses Combining a collection of legislative materials commentaries scholarly articles standard forms and up to date English case law it covers the major areas of chartering and bills of lading as well as matters such as exclusion and limitation of liability Significant innovations for this edition include coverage of blockchain technology and smart contracts in shipping coverage of autonomous shipping recent developments on the construction of commercial shipping contracts recent developments on the transfer of rights and liabilities in the contract of carriage tables and diagrams for ease of reading discussion of some of the most important decisions by the senior courts of England and Wales with the most up to date case law included references to academic and professional literature for further reading and research industry standard form clauses reference to important foreign cases emphasis on how it is that shipping law operates and is applied in commercial practice A clear student friendly text design with a strong emphasis on research and problem solving This up to date collection of materials relating to the carriage of goods by sea will be of value to students of law researchers and legal practitioners *Commercial Law eBook PDF* Jason Chuah, Michael Furmston, 2013-06-11 The best introductory textbook on English Commercial and Consumer Law available in the market Qi Zhou University of Sheffield A modern and comprehensive compendium essential for any commercial law student Dr Clare Chambers Jones Associate Professor UWE Written by a team of leading specialists in this area Commercial and Consumer Law 2nd edition is an essential guide to the legislation and case law relating to both domestic and international commercial transactions Offering a scholarly yet highly readable account of key commercial and consumer law principles it also highlights the commercial and socio economic context underpinning the law in this area **Commercial Law II** R.
