

The Common Core Assessment Record Book

The student record pages are designed to simplify the assessment of student proficiencies throughout the year.

Record the date of each assessment. Or, use a section for each quarter of the year.

Record individual proficiencies at each date. Refer to page 4 for a variety of recording options.

Supplement student data with short notes on progress and issues. Coordinate notes with assessment dates by using a different color for each new data point and note.

Record student names across the top of the pages. You may choose to use numbers to maintain student privacy if the record book will be used during parent-teacher conferences.

The diagram shows a record book page with a table and notes. The table has four columns: Core Array, Late Date, Self-Assess, and J. Each column has a header row with four sub-headers (1, 2, 3, 4) and a row of four small icons. Below the header row, the table contains the following data:

Core Array	Late Date	Self-Assess	J
1	2	3	4
1	2	3	4
2	3	4	1
2	4	1	2
3	1	2	3
4	2	3	4

Below the table, there are four notes:

- struggles with comparing unknowns
- needs support with word problems
- successful with all types of problems
- needs help decoding word problems
- struggles with

Reproducible pages at the back of each record book will complement your Common Core assessment needs. Additional reproducible pages are provided at the end of this resource guide. A Standard Record and Planning sheet is provided on page 6 for recording the dates a standard is taught and corresponding classroom proficiency. A Student Self-Assessment sheet and accompanying graph are provided on pages 7 and 8.

This page may be used as an expansion of the recording pages if more space is needed. It may also be used to allow students to record self-assessment data for specific standards throughout the year.

This page is intended as an assessment page and may be included as part of a student portfolio. On a copy of the page, record a prompt to assess a specific standard. Then, make copies for the class. Have students use the space at the bottom of the page to respond to the prompt. See page 5 for more information on using a portfolio system.

The diagram shows a reproducible page with a grid and a writing area. The grid is 10 columns wide and 10 rows high. The writing area is on the right side of the page, with a large rectangular box for writing and a smaller box for a date or name.
