Getting to the Common Core Sharon L. Spencer, Sandra Vavra, 2015-01-01 The Common

Core Standards have recently been adopted in most states across the nation and teachers are in the process of getting to the core of these standards Teaching to standards is not a new concept teachers have adapted to new standards every few years for quite some time And teachers are adaptable as can be seen in this book We are writing this book to demonstrate how teachers use research based strategies to meet Common Core Standards while still focusing on students Our goal is to help teachers visualize students in action as other teachers describe the implementation of research based strategies in their own classrooms show student work samples and provide reflections of student success in achieving the standards Many Common Core Standards books focus on the standards but our approach focuses on strategies that engage the students in the classroom showing how different teachers at varying grade levels have used the strategies to meet the standards With this focus we believe that teachers gain a new and positive perspective on approaching the new standards and see the flexibility of strategies for meeting standards across subject areas We have examined research on the strategies with the purpose of giving teachers a brief description of why these strategies work before giving actual examples from classrooms We also work closely with teachers in the public schools and have our finger on the pulse of what is happening in the public schools one of the current stressors being unpacking the Common Core Standards This book actually focuses on practice We begin by laying out a rationale in our first chapter The Core Value s of Education Then each chapter focuses on a strategy including 1 a brief description about the research supporting each strategy and 2 several examples from different grade levels which include a description of how the strategy was used student work samples and a reflection on the use of the strategy The research descriptions are fairly short because while we believe professional educators aka teachers in this case should know the research that supports practice we know they are not typically interested in long diatribes about the research

Teaching with the Common Core Standards for English Language Arts, PreK-2 Lesley Mandel Morrow, Timothy Shanahan, Karen K. Wixson, 2012-11-29 Nearly every state has independently adopted the Common Core State Standards CCSS making this practical guide an indispensable resource for PreK 2 teachers and teachers in training Leading authorities explain each of the English language arts ELA standards and vividly show how to implement them The book is filled with grade specific classroom vignettes instructional strategies and activities sample lesson plans and discussion questions Chapters cover the major ELA strands reading literature informational texts and foundational skills writing speaking and listening and language Issues of assessment and technology integration are also explored An appendix includes thematic units for each grade level demonstrating ways to embed CCSS ELA standards into content area instruction See also Teaching with the Common Core Standards for English Language Arts Grades 3-5 Common Core Curriculum Maps in English Language Arts, Grades K-5 Great Minds, 2011-10-19 The first books to present specific guidance for teaching the Common Core State Standards Forty three states plus the District of Columbia and the U S Virgin Islands have signed on to adopt the Common Core State Standards CCSS The need for curriculum guides to assist teachers in helping students meet these

standards has become imperative Created by teachers for teachers the research based curriculum maps in this book present a comprehensive coherent sequence of thematic units for teaching the skills outlined in the CCSS for English language arts in Grades K 5 The maps address every standard in the CCSS yet are flexible and adaptable to accommodate diverse teaching styles Each grade is broken down into six units that include focus standards suggested works sample activities and assessments lesson plans and more Teachers can use the maps to plan their year and craft their own more detailed lesson plans Any teacher school or district that chooses to follow the Common Core maps can be confident that they are adhering to the standards

Aligning Your Curriculum to the Common Core State Standards Joe Crawford, 2012 Avoid analysis paralysis and just get started Now that most states have adopted the new Common Core State Standards the next major challenge is to simplify and implement them by 2014 That is why it is important to begin this work now Joe Crawford Milken Award winning educator and author of Using Power Standards to Build an Aligned Curriculum shares his proven process for building a viable local curriculum based on the CCSS Readers will find A system for creating local standards from the CCSS Methods for connecting the common formative assessments to quarterly instructional objectives Ways to scaffold learning expectations Examples taken from districts where CCSS is currently implemented Included are helpful charts and graphs plus access to Internet based software for mapping the CCSS to curriculum instruction and assessment Schools cannot continue to do what they have always done and expect a different result This book explains how to facilitate learning for all students while taking advantage of the new culture technology and norms of today s learning environment
