Common Fire Leading Commitment Complex Ebook:

Common Fire Laurent A. Daloz, 1996 Profiles more than one hundred people who have devoted their lives to the common good in a broad spectrum of fields assessing the experiences and ideals that encouraged them to understand themselves as part of a community at large

Ebook: Environmental Science: A Global Concern William Cunningham, Mary Cunningham, 2014-10-16 Environmental Science A Global Concern is a comprehensive presentation of environmental science for non science majors which emphasizes critical thinking environmental responsibility and global awareness This book is intended for use in a one or two semester course in environmental science human ecology or environmental studies at the college or advanced placement high school level As practicing scientists and educators the Cunningham author team brings decades of experience in the classroom in the practice of science and in civic engagement This experience helps give students a clear sense of what environmental science is and why it matters in this exciting new 13th edition Environmental Science A Global Concern provides readers with an up to date introductory global view of essential themes in environmental science The authors balance evidence of serious environmental challenges with ideas about what we can do to overcome them An entire chapter focuses on ecological restoration one of the most important aspects of ecology today Case studies in most chapters show examples of real progress and What Can You Do lists give students ideas for contributing to solutions

EBOOK: Quality in Early Childhood Services - An International Perspective Helen Penn, 2011-01-16 This book examines how quality and good practice in early childhood education and care ECEC is interpreted and implemented in a variety of settings and circumstances Drawing on her experience of research and policy making in a wide variety of countries the author considers the variety of rationales that inform services for early childhood education and care Services are organized financed and delivered in many different ways across the world The policies that have been adopted by governments and the resources which are made available for implementing them have shaped practice On the one hand there are complex ideas about what children should be learning and how they should be learning These ideas about curriculum and the training of teachers and carers may differ radically between countries On the other hand policies have been prompted by the need to reconcile family and work obligations and to provide childcare to support working mothers irrespective of educational concerns The notions of economic competition and parental choice have led to the growth of private for profit childcare services which promote a particular view of quality and achievement Above all growing inequality within countries and between rich and poor countries have undermined attempts to provide good quality services In an unfair world the impact of any services is likely to be distorted The book charts the many different approaches to understanding and measuring quality and gives an exceptionally well informed overview

Bulletin of the Atomic Scientists , 1969-02 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock
