**Frederick William Dame**

## **Common Sense Penguin Classics:**

**Common Sense** Thomas Paine, 2015-06-30 Throughout history some books have changed the world They have transformed the way we see ourselves and each other They have inspired debate dissent war and revolution They have enlightened outraged provoked and comforted They have enriched lives and destroyed them Now Penguin brings you the works of the great thinkers pioneers radicals and visionaries whose ideas shook civilization and helped make us who we are Penguin's Great Ideas series features twelve groundbreaking works by some of history's most prodigious thinkers and each volume is beautifully packaged with a unique type drive design that highlights the bookmaker's art Offering great literature in great packages at great prices this series is ideal for those readers who want to explore and savor the Great Ideas that have shaped the world Published anonymously in 1776 six months before the Declaration of Independence Thomas Paine's *Common Sense* was a radical and impassioned call for America to free itself from British rule and set up an independent republican government Savagely attacking hereditary kingship and aristocratic institutions Paine urged a new beginning for his adopted country in which personal freedom and social equality would be upheld and economic and cultural progress encouraged His pamphlet was the first to speak directly to a mass audience it went through fifty six editions within a year of publication and its assertive and often caustic style both embodied the democratic spirit he advocated and converted thousands of citizens to the cause of American independence [The Penguin Classics Book](#) Henry Eliot, 2019-02-21 Shortlisted for Waterstones Book of the Year The Penguin Classics Book is a reader's companion to the largest library of classic literature in the world Spanning 4 000 years from the legends of Ancient Mesopotamia to the poetry of the First World War with Greek tragedies Icelandic sagas Japanese epics and much more in between it encompasses 500 authors and 1 200 books bringing these to life with lively descriptions literary connections and beautiful cover designs **AI and Common Sense** Martin W. Bauer, Bernard Schiele, 2024-06-28 Common sense is the endless frontier in the development of artificial intelligence but what exactly is common sense can we replicate it in algorithmic form and if we can should we Bauer Schiele and their contributors from a range of disciplines analyse the nature of common sense and the consequent challenges of incorporating into artificial intelligence models They look at different ways we might understand common sense and which of these ways are simulated within computer algorithms These include sensory integration self evident truths rhetorical common places and mutuality and intentionality of actors within a moral community How far are these possible features within and of machines Approaching from a range of perspectives including Sociology Political Science Media and Culture Psychology and Computer Science the contributors lay out key questions practical challenges and common sense concerns underlying the incorporation of common sense within machine learning algorithms for simulating intelligence socialising robots self driving vehicles personnel selection reading automatic text analysis and text production A valuable resource for students and scholars of Science Technology Society Studies Sociologists Psychologists Media and Culture Studies human

computer interaction with an interest in the post human and programmers tackling the contextual questions of machine learning

*The Palace of Crystal* Harry Davis, 2007 In this work Davis looks at the careers of infamous psychopaths who eventually seized the leadership of their countries He examines the reasons for seeking high office and considers the stresses inherent in political leadership which may lead to disaster for entire regions or even on a global scale

Mind and Common Sense Radu J. Bogdan, 1991-07-26 In this volume a variety of positions on common sense psychology from critical to supportive from exegetical to speculative are represented

*America's Indomitable Character Volume II* Frederick William Dame, 2014-09-09 Volume II of America's Indomitable Character has information on A synopsis of Volume I A preview concerning the content of Volume II with the sub themes of Nature human nature society the social contract and education and how they weave into American character identity American character identity and its Colonial connection to the philosophy of Jean Jacques Rousseau The historical personage Michel Guillaume J Hector St John de Cr vecoeur a French British American Colonial citizen and the America farmer par excellence who posed the famous question What is an American Benjamin Franklin's contributions to the developing American character identity Thomas Paine's revolutionary views on American character identity Thomas Jefferson's philosophical contributions to American character identity John Dickinson America's soldier and founding father Hugh Henry Brackenridge American publisher and author who educated Colonial Americans in politics The literary group the Connecticut Wits who were both for and against America's independent development The role of Colonial Religion and early attitudes concerning the American Colonial Theater as they relate to American character identity The American dramatist and jurist Royall Tyler and his play The Contrast A Comedy in Five Acts in which the newly developing American consciousness of independence including female independence vis vis English foppery and buffoonery are presented Further the use of the Native American's chanson du mort in this case the Song of Alknomook and the dramaturgical presentation of Yankee Doodle are of utmost importance in understanding The Contrast and how they interplay with American character identity The Albany Plan of Union The Declaration of Independence written by the Founding Fathers The Articles of Confederation and Perpetual Union A chronology of theatrical events between 1600 and 1800

**An Animated Son of Liberty** J. Walter McGinty, 2012 A biography of a leader of the Scottish Enlightenment

The Rise and Fall of English Radicalism, 1760 to 1800 Mark Hulliung, 2025-03-25 This book explores the major political debates in England during the final decades of the eighteenth century a period when responses to the American and French Revolutions were a major concern and the entire future of public life in England was in question Offering an in depth treatment of the political pamphlets and literature of the time this book examines the voices of both the radicals and their detractors The volume attempts to do justice to the talented radical Whigs Edmund Burke demeaned in Reflections on the Revolution in France and who have been long forgotten buried unfairly under the memory of the excesses of French revolutionary violence This accessibly written volume is perfect for undergraduates graduates and professors of history

political science and literature      **The Radical Reader** Timothy Patrick McCarthy, John Campbell McMillian, 2011-05-10  
Radicalism is as American as apple pie One can scarcely imagine what American society would look like without the abolitionists feminists socialists union organizers civil rights workers gay and lesbian activists and environmentalists who have fought stubbornly to breathe life into the promises of freedom and equality that lie at the heart of American democracy The first anthology of its kind The Radical Reader brings together more than 200 primary documents in a comprehensive collection of the writings of America's native radical tradition Spanning the time from the colonial period to the twenty first century the documents have been drawn from a wealth of sources speeches manifestos newspaper editorials literature pamphlets and private letters From Thomas Paine's Common Sense to Kate Millett's Sexual Politics these are the documents that sparked and distilled the most influential movements in American history Brief introductory essays by the editors provide a rich biographical and historical context for each selection included      **Reading the Early Republic** Robert A. FERGUSON, Robert A Ferguson, 2009-06-30 Reading the Early Republic focuses attention on the forgotten dynamism of thought in the founding era In every case the documents novels pamphlets sermons journals and slave narratives of the early American nation are richer and more intricate than modern readers have perceived Rebellion slavery and treason the mingled stories of the Revolution still haunt national thought Robert Ferguson shows that the legacy that made the country remains the idea of what it is still trying to become He cuts through the pervading nostalgia about national beginnings to recapture the manic depressive tones of its first expression He also has much to say about the reconfiguration of charity in American life the vital role of the classical ideal in projecting an unthinkable continental republic the first manipulations of the independent American woman and the troubled integration of civic and commercial understandings in the original claims of prosperity as national virtue Reading the Early Republic uses the living textual tradition against history to prove its case The first formative writings are more than sacred artifacts They remain the touchstones of the durable promise and the problems in republican thought
