Commonweal Confronts The Century Liberal Convictions Catholic Tradition:

Commonweal Confronts the Century Patrick Jordan, Paul Baumann, 1999-11-12 Publisher Description **Encyclopedia of American Religion and Politics** Paul A. Djupe, Laura R. Olson, 2014-07 Presents an encyclopedia of religion and politics in America including short biographies of important political and religious figures like Ralph Abernathy civil rights leader and Ralph Waldo Emerson writer and synopses of religious entities like the Branch Davidians and the Episcopal church as well as important court cases of relevancy like Epperson et al v Arkansas having to do with evolution *Catholic Consciousness, A* Johnson, Luke Timothy, 2021 A collection of talks and essays by scholar Luke Timothy Johnson on topics important to the contemporary Church Under God? Michael J. Perry, 2003-06-02 The proper role of religious faith in the public life of a liberal democracy is one of the most important and controversial issues in the United States today Since the publication in 1991 of his book *Love and Power* Michael J Perry s important writings on this issue have been among the most insightful In this new book Perry argues that political reliance on religious faith violates neither the Establishment Clause of the United States Constitution nor more broadly the morality of liberal democracy Nonetheless Perry argues religious believers sometimes have good reasons to be wary about relying on religious beliefs in making political decisions Along the way Perry thoughtfully addresses three subjects at the center of fierce contemporary political debate school vouchers same sex marriage and abortion **Religion and the American Presidency** Mark J. Rozell, Gleaves Whitney, 2017-09-21 This book chronologically analyzes thirteen key US Presidents from Washington to Trump to highlight how religion has informed or influence their politics and policies For years leading scholars have largely neglected religion in presidential studies Yet religion has played a significant role in a number of critical presidencies in US history This volume reveals the deep religious side to such presidents as Truman Eisenhower and Reagan among others and the impact that faith had on their administrations Now in its third edition this work also provides a fresh look at the legacy of Obama s faith based administration as well as a new chapter on the 2016 Trump campaign s dependence on religious voters to provide a timely update to a key text in the study of religion and the presidency **The Religious Factor in the 1960 Presidential Election** Albert J. Menendez, 2014-01-10 The candidacy of John F Kennedy provoked widespread discussion of issues relating to church and state and to the role of Catholics in American politics This text is the inside story of that dramatic campaign and is the first scholarly examination based on actual voting returns It includes a detailed analysis of the vote in every state revealing that religion affected the outcome of the election far more than previously thought Kennedy lost more votes than he gained due to his religious affiliation but by crafting a strong coalition he prevailed in one of the closest races in presidential history *Turning to the Heavens and the Earth* Julia Brumbaugh, Natalia Imperatori-Lee, 2016 The Earth needs our attention the best of our intellectual ethical and spiritual wisdom and action In this collection written in honor of Elizabeth A Johnson scholars from the United States and around the world contribute their insights on how theology today can and must

turn to the world in new ways in light of contemporary science and our ecological crisis The essays in this collection advance theological visions for the human task of healing our destructive relationship with the earth and envision hope for our planet's future Contributors Kevin Glauber Ahern Erin Lothes Biviano Lisa Sowle Cahill Colleen Mary Carpenter David Cloutier Kathy Coffey Carol J Dempsey OP Denis Edwards William French Ivone Gebara John F Haught Mary Catherine Hilkert OP Sallie McFague Eric Daryl Meyer Richard W Miller Jrgen Moltmann Jeannette Rodriguez Michele Saracino Religion and the American Presidency M. Rozell, G. Whitney, 2007-05-14 This volume opens a new avenue toward understanding the politics and policies of many US presidents As the essays in this book reveal religion has had an enormous impact on many critical presidencies in US history Contrary to the conventional wisdom these essays reveal the deeply religious side to Truman Eisenhower and Reagan among others **A Tremor of Bliss** Mark Judge, 2010-08-17 Up to the current day matters of sexual morality including contraception abortion premarital sex and gay marriage have polarized the Catholic Church In the wake of the turmoil of the 1960s when liberal theologians challenged the Church's traditional views on the subject a schism has opened Much of the world and many Catholics themselves believe that the views of each camp are clear and well defined As Mark Judge reveals in this trenchant and illuminating defense of the teachings of his Church this is far from the case Without sensationalism Judge is candid here about his personal journey from the playgrounds of the sexual revolution to his eventual belief in the need to combine sexuality with love and commitment to another person not as an end in itself but rather as a particularly direct means of opening oneself up to God's love He also sees support for the Christian theology on love in a seemingly unlikely place rock music He delves into the Church's teachings on sexual matters going back to the time of Saint Augustine Saint Thomas Aquinas Saint John of the Cross and Pope John Paul II while also acquainting us with more contemporary voices from within the Church as well as from the pop charts Worship in Spirit and Truth Julia Upton, 2010-01-01 Following the death of H A Reinhold in 1968 Godfrey Diekmann referred to him as a liturgical prophet Diekmann a liturgical giant in his own right called on others to follow in Reinhold's steps and take up his mantle in the thorny task of pastorally implementing the liturgical changes brought about by the Second Vatican Council Over forty years later that task remains every bit the challenge it was in Reinhold's day As cries for social justice resound liturgy more than ever must be the tie of relevance that binds the church to the world It is this essential link between liturgy and social justice that Julia Upton discovered in Reinhold and that she wonderfully retrieves in tracing his life and legacy In doing so she takes up H A Reinhold's prophetic mantle and inspires us to do so as well Julia Upton RSM is a member of the Institute of the Sisters of Mercy of the Americas She holds a doctorate in theology from Fordham University and is professor in the Department of Theology and Religious Studies at St John's University NY where she currently serves as university provost
