Dudley Woodberry, 2008-06-01 The revised and enlarged second edition of J Dudley Woodberry s *From Seed to Fruit* expands on the next stage of the ongoing collaborative research and reflections of many people from many organizations desiring to bless Muslims Seven additional chapters survey major trends in global Islam today and explore themes that prove to have considerable influence on fruitfulness including a new chapter on building Christlike relationships with Muslims The Global Trends Research Group has continued to update the demographic materials on Muslim people groups their access to Christian witness and when and how Christian groups covenant to provide meaningful access *From Seed to Fruit* presents the most recent worldwide research on witness to Christ among Muslim peoples using biblical images from nature to show the interaction between God s activity and human responsibility in blessing these peoples Humble Confidence Benno van den Toren, Kang-San Tan, 2022-12-20 Benno van den Toren and Kang San Tan provide a global intercultural model of apologetics as crosscultural dialogue and accountable witness Filled with Scriptural examples and real world experiences this is a conversational patient holistic and embodied guide to creating true dialogue in our multicultural multifaith world *Spirit, Freedom and Power* Angelo Ulisse Cettolin, 2016-07-21 The Pentecostal movement emerged at the turn of the twentieth century emphasizing the need for Christians to have a powerful experience of the Holy Spirit It advocated the return to a pristine early Spirituality in which empowerment by the Spirit was essential Recently Pentecostal and Charismatic movements are playing down the classic expressions and moving towards more mainline approaches As church movements develop they become more structured less spontaneous and more routine But is this always inevitable The author explores a contemporary Pentecostal movement to discover whether a radical spirituality still can effectively interface with a complex twenty first century world This insightful research finds a Pentecostal spirituality that is flexible adaptive and innovative and despite humble origins now is making inroads into the middle class While tensions over charismatic freedom remain the developing organizational structure is facilitating significant growth Valuable lessons for Christians of all persuasions are found and some creative theological developments are suggested for church structure and for expanding traditional understandings of baptism in the Holy Spirit *Leave a Legacy* J. Russell Turney, 2017-09-15 In this second volume of the new APTS Press Monograph Series Dr Russ Turney presents a compelling case study of why some missionaries leave the field far too soon Normal attrition occurs because of health problems retirement or the obvious call of God to go elsewhere However Turney notes that far too often missionaries leave due to

interpersonal conflicts with their colleagues or nationals problems with authority and other issues that Turney contends could be significantly reduced He then presents an excellent strategy for dealing with these and other issues enabling missionaries to continue in their calling long term and finish well This strategy will help equip not only missionaries and mission leaders from both the West and the Majority World but also pastors and church members who love and support missionaries and who want to learn how to strengthen them better through prayer and action Anyone who shares the warm hearted conviction that missionaries can and should leave a legacy will benefit from this book From the Foreword

The Muslim Majority Robin Hadaway, 2021-09-15 More than 70 percent of Muslims worldwide practice folk Islam a syncretistic mix of theologically orthodox Islam and traditional religious beliefs and practices The Muslim Majority is unlike many published works on evangelism to Muslims which argue for either apologetic or contextualized bridge approaches These approaches are often ineffective in reaching adherents of popular Islam Instead author and missiologist Robin Hadaway outlines a contextual approach that addresses the unique perspective of popular Islam Hadaway explains the differences between folk Islam and orthodox Islam and explores best practices for reaching the vast majority of Muslims with the gospel of Jesus Christ
