Communicating with Animals Margrit Coates, 2012-05-03 Margrit Coates's new book is essential reading for anyone who loves animals and who wishes to improve their understanding of animal behaviour. One of the world's leading animal communicators and healers, Margrit has many years' experience working closely with species of all kinds from horses, dogs and cats to wild life, rare breeds and rescue animals. Using intuition, insight and common sense, she shows how to tune into what they are really thinking and feeling, helping us bond with them at an incredibly deep level. Her powerful techniques range from communicating with the furry, feathered and scaly friends who share our homes to larger animals such as horses and even Anne the Elephant as well as other non-domestic creatures. Ultimately, Margrit's wish is for each one of us to be able to tune into all life around us. Intuitive Animal Communication Michael R. Burke, 2024-07-16 A guide to intuitive animal communication with a human-first approach, detailing how to do personal work in order to improve your communication with animals and diving into specific tools for communication and how to co-create and manifest with your animal. Have you ever wondered what your animal is thinking and feeling? Or wanted to know what you can do to help them live their best life? Here, celebrated animal communicator and animal behaviorist Michael R. Burke teaches you how. He brings together all of his signature processes, tools and techniques to help you strengthen your intuitive abilities so that you may do just that: help you and your animals, no matter if you have a dog, a cat or another creature, feel calmer, more balanced and fulfilled as you co-create a joyful life together. But first, you have to put on your own oxygen mask. It's important to cultivate clear, calm, confident energy before interacting with animals, and Michael offers exercises to help you build this foundation. You will learn about journaling and mindfulness as methods for balancing your own energy and improving your animal communication and practice recognizing and interpreting energy in all forms. These tools are essential and will set you up for success when it comes to animal communication. Then you can move into the specific communication techniques, including creating an internal database of signs and symbols to help you interpret and understand your communication with animals, specific techniques for intuitive, energetic and telepathic communication both in person and remote, communicating with animals in the afterlife, calling upon spirit animals and power animals, the differences in communicating with wild animals compared to domesticated animals, connecting and communicating with lost animals, co-creating your best life with your animal.
