Een pup in huis Esther Verhoef, TextCase (Utrecht), 1996      **De opvoeding van de pup** Esther Verhoef, 1998      **Puppy Training en Hondentraining** Paul van Dijk, 2022-07-20 Hond en puppy training Van puppy tot volwassen hond Honden zijn prachtige metgezellen die ons leven op unieke manieren kunnen verrijken De hond is klaar om je al zijn liefde te geven Als tegenprestatie moet je je bewust zijn van de verantwoordelijkheid die je voor hem op je neemt De meeste fouten bij de hondentraining gebeuren niet omdat de eigenaars te weinig tijd hebben of omdat het zo moeilijk is een hond te trainen maar om de eenvoudige reden dat de nodige basiskennis niet voorhanden is Dit leidt tot misverstanden tussen hen en de hond die gemakkelijk voorkomen hadden kunnen worden Anderen informeren zich maar staan er niet bij stil dat er verschillen zijn in de opvoeding van een puppy en een volwassen hond De inhoud van het boek is Algemene kennis over hondentraining Verschillende vormen van leren Begrijpen van hondentaal Accessoires voor opleiding Problemen bij de opleiding Bijzonderheden van puppy training Dit boek maakt onderscheid tussen het omgaan met puppies en volwassen honden U leert ook over de verschillende trainingsmethoden en kunt de juiste voor u en uw hond kiezen Ook mogelijke problemen en hoe daarmee om te gaan komen aan bod Het doel van dit boek is niet om u een bepaalde trainingsmethode op te leggen maar om u te helpen de juiste manier te vinden om met uw hond om te gaan Handel dus altijd bewust en informeer je van tevoren dan zal niets een gelukkig leven samen in de weg staan Wij wensen u veel plezier en succes      **The Ultimate Puppy Training Book** James Austin Vanderbilt, 2022-03-04 How to train a happy and well rounded pup without becoming overwhelmed or frustrated in a force free way positive reinforcement even if you've failed or have lost patients in the past Have you ever wondered what goes through a dog's mind when you're giving a command or when they sit and gaze at you as you massage their head I can remember as far back as four years old how much I wanted a dog I'd always ask my parents for a one hoping one day I would arrive home to find my very own furry pawed pup waiting for me When I was six old my parents surprised me with a Jack Russell Terrier pup so small and cute His entire body was white his right ear black and a brown spot over his right eye I was surprised and instantly in love I named this bundle of pure energy Jack It was here I discovered how much I truly loved these intelligent animals training them the best way I could for a 6 year old Jack followed me everywhere and when the day came to an end he'd sleep with me at the foot of my bed Jack was super intelligent and clever however many times he did what he wanted to do I discovered later that the JRT is equipped with an extremely strong will In retrospect I could see how Jack certainly had this quality infused in his spirit He was an all around great pup but there were moments when he was mischievous and cunning Funny story and testament to his intellect One night my parents had some friends over for a little soiree After everyone settled in Jack grabbed a ball and left to the living room Jacob our neighbor took Jack's cue and tossed the ball In that moment Jack pounced on the couch grabbed the candy bar next to Jacob and ran towards the ball as if his priority was to play fetch Jacob had no clue what occurred and was shocked that a dog could calculate such a

ruse the way Jack did It was moments like this that made me realize Jack needed additional training No one wants a pup that is frequently misbehaving tearing up furniture shoes rugs or going through the garbage In an article published in the New York Post of 2000 pet owners 42% polled that household messes bad behaviors and messy antics are the 1 reason for giving away their pets Other key factors are attributed to boredom or just needing physical or mental stimulation according to Dr Lisa Lippman lead veterinarian at Fuzzy Pet Health Luckily for us puppy training is well researched and pretty predictable in some aspects so if you keep up with the latest news you won t have to worry about unexpected surprises like drool in your shoes In The Ultimate Puppy Training Book you ll discover How to potty train your puppy in less than a week using a force free approach How to avoid the most common mistakes in puppy training Why the human dog relationship is so important How to select the perfect puppy for you and your family Why its important to bring your dog to social events How to implement positive reinforcement and praise even if your pup has a messy moment Dog training tips that may also work on your significant other hehe and much more Let s ensure you don t become the owner of a rash and out of control pup simply scroll up and click the Add to Cart button now
