Cinematic Body Theory Out Of Bounds:

The Cinematic Body Steven Shaviro,1993 In *The Cinematic Body* Steven Shaviro proposes a radical new approach to film viewing Moving between Jerry Lewis and Andy Warhol between Fassbinder u2019 s gay sex icons and George Romero u2019 s flesh eating zombies *The Cinematic Body* cuts across disciplinary boundaries and seeks to engage new currents in critical thought

The Cinematic Body Steven Shaviro,1994 A radical approach to film viewing Modernity at Sea Cesare Casarino,2002 At once a literary philosophical meditation on the question of modernity and a manifesto for a new form of literary criticism *Modernity at Sea* argues that the nineteenth century sea narrative played a crucial role in the emergence of a theory of modernity as permanent crisis In a series of close readings of such works as Herman Melville s *White Jacket* and Moby Dick Joseph Conrad s *The Nigger of the Narcissus* and *The Secret Sharer* and Karl Marx s *Grundrisse* Cesare Casarino draws upon the thought of twentieth century figures including Giorgio Agamben Louis Althusser Walter Benjamin Leo Bersani Gilles Deleuze F lix Guattari and Antonio Negri to characterize the nineteenth century ship narrative as the epitome of Michel Foucault s heterotopia a special type of space that simultaneously represents inverts and contests all other spaces in culture Elaborating Foucault s claim that the ship has been the heterotopia par excellence of Western civilization since the Renaissance Casarino goes on to argue that the nineteenth century sea narrative froze the world of the ship just before its disappearance thereby capturing at once its apogee and its end and producing the ship as the matrix of modernity

The Logic of the Lure John Paul Ricco,2002 The attraction of a wink a nod a discarded snapshot such feelings permeate our lives yet we usually dismiss them as insubstantial or meaningless With *The Logic of the Lure* John Paul Ricco argues that it is precisely such fleeting erotic and even perverse experiences that will help us create a truly queer notion of ethics and aesthetics one that recasts sociality and sexuality place and finitude in ways suggested by the anonymity and itinerant lures of cruising Shifting our attention from artworks to the work that art does from subjectivity to becoming and from static space to taking place Ricco considers a variety of issues including the work of Doug Ischar Tom Burr and Derek Jarman and the minor architecture of sex clubs public restrooms and alleyways

Art vs. TV Francesco Spampinato,2021-12-02 While highlighting the prevailing role of television in Western societies *Art vs TV* maps and condenses a comprehensive history of the relationships of art and television With a particular focus on the link between reality and representation Francesco Spampinato analyzes video art works installations performances interventions and television programs made by contemporary artists as forms of resistance to and appropriation and parody of mainstream television The artists discussed belong to different generations those that emerged in the 1960s in association with art movements such as Pop Art Fluxus and Happening and those appearing on the scene in the 1980s whose work aimed at deconstructing media representation in line with postmodernist theories to those arriving in the 2000s an era in which through reality shows and the Internet anybody could potentially become a media personality and finally those active in the

2010s whose work reflects on how old media like television has definitively vaporized through the electronic highways of cyberspace These works and phenomena elicit a tension between art and television exposing an incongruence an impossibility not only to converge but at the very least to open up a dialogical exchange

The Philosophical Baroque Erik S. Roraback, 2017-04-18 In his pioneering study *The Philosophical Baroque On Autopoietic Modernities* Erik S Roraback argues that modern culture contemplated over its four century history resembles nothing so much as the pearl famously described by periodizers of old as irregular barroco Reframing modernity as a multi century baroque Roraback steeps texts by Shakespeare Henry James Joyce and Pynchon in systems theory and the ideas of philosophers of language and culture from Leibniz to such dynamic contemporaries as Luhmann Benjamin Blanchot Deleuze and Guattari Lacan and i ek The resulting brew high in intellectual caffeine will be of value to all who take an interest in cultural modernity indeed all who recognize that modernity was and remains a congeries of competing aesthetic economic historical ideological philosophical and political energies

Wells Meets Deleuze Michael Starr, 2017-06-14 The writings of H G Wells have had a profound influence on literary and cinematic depictions of the present and the possible future and modern science fiction continues to be indebted to his scientific romances such as *The Time Machine* *The War of the Worlds* and *The Island of Doctor Moreau* Interpreted and adapted for more than a century Wells s texts have resisted easy categorization and are perennial subjects for emerging critical and theoretical perspectives The author examines Wells s works through the post structuralist philosophy of Gilles Deleuze Via this critical perspective concepts now synonymous with science fiction such as time travel alien invasion and transhumanism demonstrate the intrinsic relevance of Wells to the genre and contemporary thought

Vocal Apparitions Michal Grover-Friedlander, 2005-02-27 Cinema and opera have become intertwined in a variety of powerful and unusual ways *Vocal Apparitions* tells the story of this fascinating intersection interprets how it occurred and explores what happens when opera is projected onto the medium of film Michal Grover Friedlander finds striking affinities between film and opera from Lon Chaney s classic silent film *The Phantom of the Opera* to the Marx Brothers *A Night at the Opera* to Fellini s *E la nave va* One of the guiding questions of this book is what occurs when what is aesthetically essential about one medium is transposed into the aesthetic field of the other For example Grover Friedlander s comparison of an opera by Poulenc and a Rossellini film both based on Cocteau s play *The Human Voice* shows the relation of the vocal and the visual to be surprisingly affected by the choice of the medium Her analysis of the Marx Brothers *A Night at the Opera* demonstrates how as a response to opera s infatuation with death cinema comically acts out a correction of opera s fate Grover Friedlander argues that filmed operas such as Zeffirelli s *Otello* and Friedrich s *Falstaff* show the impossibility of a direct transformation of the operatic into the cinematic Paradoxically cinema at times can be more operatic than opera itself thus capturing something essential that escapes opera s self understanding A remarkable look at how cinema has been haunted and transformed by opera *Vocal Apparitions* reveals something original and important about each medium

Willful Monstrosity Natalie Wilson, 2020-01-17 Taking in a wide range of film television and literature this volume explores 21st century horror and its monsters from an intersectional perspective with a marked emphasis on gender and race The analysis which covers over 70 narratives is organized around four primary monstrous figures zombies vampires witches and monstrous women Arguing that the current horror renaissance is populated with willful monsters that subvert prevailing cultural norms and systems of power the discussion reads horror in relation to topics of particular import in the contemporary moment rampant sexual violence unbridled capitalist greed brutality against people of color militarism and the patriarchy's refusal to die Examining ground breaking films and television shows such as *Get Out* *Us* *The Babadook* *A Quiet Place* *Stranger Things* *Penny Dreadful* and *The Passage* as well as works by key authors like Justin Cronin Carmen Maria Machado Helen Oyeyemi Margo Lanagan and Jeanette Winterson this monograph offers a thorough account of the horror landscape and what it says about the 21st century world

The Monster Always Returns Christian Knöppler, 2017-02-15 The monsters of the horror genre never remain dead they invariably return in new and terrifying shapes for another installment In this study Christian Knöppler explores the phenomenon of horror film remakes He argues that even though these derivative films typically earn little praise from critics their constant refiguration of monsters and horror scenarios serves to access and update otherwise obscure cultural fears With an in depth examination of six sample sequences of films and remakes this book aims to shed new light on a much maligned and often neglected type of film and promises fresh insights to scholars and aficionados alike
