Stiller and Meara: Nothing Is Lost

Stephen Vannoy, 2025-10-13 A cup of coffee in 1953 changed everything. Jerry Stiller had barely enough money for subway fare when he spotted a young woman crying in a talent agent's office. That woman was Anne Meara, and his offer to buy her coffee sparked a love story that would captivate America for over six decades. From their humble beginnings in Brooklyn to becoming household names on *The Ed Sullivan Show*, Jerry and Anne built something extraordinary: a comedy partnership that made millions laugh while never losing sight of what mattered most to each other. They navigated the challenges of interfaith marriage when it was still controversial, created routines that broke new ground in American comedy, and somehow managed to stay genuinely deeply in love through decades of showbusiness ups and downs. When fame threatened to tear them apart in 1970, they made a shocking decision that saved their marriage and redefined their careers. Jerry would later become the explosive Frank Costanza on *Seinfeld*, while Anne carved her own path as a celebrated performer and writer. Together, they proved that real love could survive anything, even Hollywood. This is the story of two people who refused to let success destroy what they had built together. Through thirty-six appearances on *The Ed Sullivan Show*, radio commercials that became cultural phenomena, and a family legacy that continues today, Jerry and Anne showed America what true partnership looks like. Discover the secrets behind comedy's greatest love affair and find out why some stories are simply too beautiful to resist. *Georgia O'Keeffe* Elizabeth Hutton Turner, Georgia O'Keeffe, Marjorie P. Balge-Crozier, Phillips Collection, Dallas Museum of Art, 1999-01-01 Explores O'Keeffe's unmatched accomplishments in still life painting in two essays accompanied by reproductions of her work and photographs of her studios. *Indigenous People and Mobile Technologies* Laurel Evelyn

Dyson, Stephen Grant, Max Hendriks, 2015-10-05 In the rich tradition of mobile communication studies and new media this volume examines how mobile technologies are being embraced by Indigenous people all over the world As mobile phones have revolutionised society both in developed and developing countries so Indigenous people are using mobile devices to bring their communities into the twenty first century The explosion of mobile devices and applications in Indigenous communities addresses issues of isolation and building an environment for the learning and sharing of knowledge providing support for cultural and language revitalisation and offering the means for social and economic renewal This book explores how mobile technologies are overcoming disadvantage and the tyrannies of distance allowing benefits to flow directly to Indigenous people and bringing wide ranging changes to their lives It begins with general issues and theoretical perspectives followed by empirical case studies that include the establishment of Indigenous mobile networks and practices mobile technologies for social change and finally the ways in which mobile technology is being used to sustain Indigenous culture and language
