Tom Murphy's Theatre of Everyday Space Moonyoung

Hong,2025-05-08 By the time of his death in 2018 Tom Murphy was widely recognised as one of Ireland's most important modern playwrights Ireland's experience of rapid modernisation emigration and globalisation is vividly captured in his plays challenging generic notions of space place and the nation In particular his drama reconfigures Irish theatre's uneasy relationship with globalisation with the peasant kitchen the pub and the bog having traditionally been exported as the quintessential Irish spaces Focusing on one of Murphy's central innovations his experimentation with theatre and everyday space the book considers the significance of Murphy's work in modern drama more broadly The idea of home has preoccupied modern playwrights since the naturalist dramas of Henrik Ibsen and Anton Chekhov leading theatre scholars to focus on the everyday space of the home to the exclusion of other everyday spaces Murphy's works by contrast offer a new politics of the interior engaging with a diverse range of other spaces such as dancehalls grocery shops pubs hotels offices churches gasworks and airports His drama presents a global sense of the local an emotional map of the shifting geographies of everyday life By applying new theoretical perspectives and showcasing new archival materials inaccessible to previous scholars the book revisits Murphy as an international playwright a cartographer of our modern day global village

Horror Comes Home Cynthia J. Miller,A. Bowdoin Van Riper,2019-06-12 Home we are taught from childhood is safe Home is a refuge that keeps the monsters out until it isn't This collection of new essays focuses on genre horror movies in which the home is central to the narrative whether as refuge prison menace or supernatural battleground The contributors explore the shifting role of the home as both a source and a mitigator of the terrors of this world and the next Well known films are covered including Psycho Get Out Insidious The Last Key and Winchester House along with films produced outside the U S by directors such as Alejandro Amenabar The Others Hideo Nakata Ringu and Guillermo Del Toro The Orphanage and often overlooked classics like Alfred Hitchcock's The Lodger

Animal Narratives and Culture Anna Barcz,2017-03-07 The term vulnerable realism can imply two different understandings one presenting weak realism as incomplete and mixed with other literary styles the other bringing realistic vulnerable experience into narration The second is the key concern of this work though it does not exclude the first as it asks questions about realism as such entering into a polemic with the tradition of literary realism Realism then is not primarily understood as a narrative style but as a narration that tests the probability of

nonhuman vulnerable experience and makes it real The book consists of three parts The first presents examples of how realism has been redefined in trauma studies and how it may refer to animal experience The second explores what is added to the narrative by literature including the animal perspective the zoonarrative and how it is conducted zoocriticism The third analyses cultural texts such as painting circuses and memorials which realistically generate animal vulnerability and provide non anthropocentric frameworks anchoring our knowledge in the experience of fragile historical reality
