

Cisco SD208P 8-Port 10/100 Switch with PoE Cisco Small Business Unmanaged Switches

Great Performance and PoE in a Compact Size

Highlights

- Connects up to eight network devices—including computers, printers, and servers—to share and transfer files and videos across your network
- Power over Ethernet (PoE) easily and cost-effectively powers IP telephones, wireless access points, and video cameras
- Integrated port-based quality of service (QoS) prioritizes networking traffic for better network performance
- Works right out of the box with no software to configure
- Compact size and a no-fan design provide multiple placement options with silent switch operation

As your small business grows and you add more employees, you need to keep your business connected in order to communicate effectively and share resources. Your employees need the ability to communicate with each other and with customers, share printers and access business files. To do all this, you need an easy-to-use, cost-effective solution that requires minimal management.

The Cisco® SD208P 8-Port 10/100 Switch (Figure 1) offers the performance and ease of use you need to get your business connected quickly and easily. Designed and priced for small businesses that want a simple network solution, the switch works right out of the box with no software to configure and features PoE to power network attached devices. You can use this switch to connect computers, printers, IP telephones, wireless access points, and servers to create a reliable network.
