

The background of the image is a 3D perspective view of a terrain model. The terrain is colored with a gradient from dark blue at the top to light green and yellow at the bottom, suggesting a transition from water or low elevation to higher, vegetated land. A semi-transparent blue rectangular box is positioned in the upper-middle part of the image, containing white text.

There's never been a greater likelihood a company and its key people will become embroiled in a cross-border investigation. But emerging unscarred is a challenge. Local laws and procedures on corporate offences differ extensively and can be contradictory. To extricate oneself with minimal cost requires a nuanced ability to blend understanding of the local law with the wider dimension and, in particular, to understand where the different countries showing an interest will differ in approach, expectations, or conclusions. Against this backdrop, GIR has published the second edition of *The Practitioner's Guide to Global Investigation*. The book is divided into two parts with chapters written exclusively by leading names in the field. Using US and UK practice and procedure, Part I tracks the development of a serious allegation, whether originating inside or outside a company, looking at the key risks that arise and the challenges it poses along with the opportunities for its resolution. It offers expert insight into fact-gathering, including document preservation and collection, witness interviews, structuring the investigation, the complexities of cross-border privilege issues, and strategising effectively to resolve cross-border probes and manage corporate reputation. Part II features detailed, comparable surveys of the relevant law and practice in jurisdictions that build on many of the vital issues pinpointed in Part I. *Complete Guide to Human Resources and the Law, 2021 Edition*
