Psychotherapy Patricia Keith-Spiegel, 2013-10-01 This book delves into risks that can easily bedevil any psychotherapist and what can happen if they are ignored Dramatic storytelling based on actual incidents from the author's experiences as a member of ethics committees and as an ethics teacher and consultant explores actions prompting clients to issue formal complaints Set in the context of an ethics committee meeting over the course of a weekend twelve psychologists face their peers who will stand in judgment Issues include the fallout from losing one's temper with a difficult client a personal disclosure gone terribly wrong a bartering arrangement that literally falls apart a private life revealed in a most public way a vengeful act that sullies the reputation of an entire department breaking confidentiality when a client threatened harm and the slippery slope to sexual exploitation The stories are absorbing enlightening sometimes shocking and often stranger than fiction Narrative nonfiction puts human faces and emotions on what would otherwise be cursory statistics What led to the formal complaint from both the vantage point of the complainant and the psychologist offers insights not otherwise available unless the dynamics of their private lives leading up to the conflict are revealed An author's commentary and discussion questions follow every story Both new and seasoned practitioners as well as those still in training will find this to be an invaluable resource *Counselor Supervision* Nicholas Ladany, Loretta J. Bradley, 2011-01-19 This new edition of Counseling Supervision is intended for counselor educators counselor supervisor practitioners and supervisors in training in a variety of educational and mental health settings The editors have brought together experts in the field of counselor education to review and examine primary supervision theories and their application to the issues that counselor supervisors will encounter Special topic areas included are multicultural issues in counselor supervision the supervisory relationship an essential and sometimes forgotten component of supervision and its influence on supervision process and outcome supervision of career counselor trainees supervision of school counselors supervision of family and group counselors group supervision understanding and conducting research in counselor supervision and training ethical and advocacy issues in supervision and supervisor training The authors include numerous case examples throughout the text in order to illustrate the application of

theory to practical issues that the counselor supervisors encounter All chapters in this edition have been revised and updated and new chapters have been added that expand on areas of supervision that are highly relevant to students researchers and practitioners
