Citizenship Richard Paul Bellamy, 2008 Interest in citizenship has never been higher But what does it mean to be a citizen in a modern complex community Richard Bellamy approaches the subject of citizenship from a political perspective and in clear and accessible language addresses the complexities behind this highly topical issue *Citizenship* Richard Yarwood, 2013-12-17 The idea of citizenship is widely used in daily life Citizenship tests are used to determine who can inhabit a country citizen charters have been used to prescribe levels of service provision citizens juries are used in planning or policy enquiries citizenship lessons are taught in schools youth organisations attempt often aim to instil good citizenship active citizens are encouraged to contribute voluntary effort to their local communities and campaigners may use citizens rights to achieve their goals What is meant by citizenship is never static and the subject of debate by academics politicians and activists These ideas are manifest and contested at a range of different scales This book therefore argues geography is crucial to understanding citizenship The text is organised around a number of spatial themes to examine how spatialities of citizenship are played out at a range of scales Ideas about locality boundaries mobility networks rurality and globalisation are used to reveal the importance of space and place in the constitution contestation and performance of citizenship In doing so the book reveals how different ideas of citizenship can include or exclude people from society and space Consideration is given to ways in which different groups have sought to empower themselves through various actions associated with and beyond conventional notions of citizenship Written in an accessible way with detailed case studies to illustrate conceptual ideas and approaches this book offers social scientists new spatial perspectives on citizenship while also bridging together strands of social cultural and political geography in ways that deepen understandings of people and place **Citizenship** Dmitry Kochenov, 2019-11-12 The story of citizenship as a tale not of liberation dignity and nationhood but of complacency hypocrisy and domination The glorification of citizenship is a given in today's world part of a civic narrative that invokes liberation dignity and nationhood In reality explains Dmitry Kochenov citizenship is a story of complacency hypocrisy and domination flattering to citizens and demeaning for noncitizens In this volume in the MIT Press Essential Knowledge series Kochenov explains the state of citizenship in the modern world Kochenov offers a critical introduction to a subject most often regarded uncritically describing what citizenship is what it entails how it came about and how its role in the world has been changing He examines four key elements of the concept status considering how and why the status of citizenship is extended what function it serves and who is left behind rights particularly the right to live and work in a state duties and what it means to be a good citizen and politics as enacted in the granting and enjoyment of citizenship Citizenship promises to apply the

attractive ideas of dignity equality and human worth but to strictly separated groups of individuals Those outside the separation aren't citizens as currently understood and they do not belong Citizenship Kochenov warns is too often a legal tool that justifies violence humiliation and exclusion

Citizenship in the European Union Anne Wesemann, 2020-10-30 The book proposes a new approach to constitutional analysis of the EU and its legal framework arguing that the existence of constitutional rights norms within EU law enables this particular legal order to respond effectively to societal and political challenges within the rigidity of constitutionalism Providing new perspectives on constitutionalism in the EU this book considers the way the Court of Justice of the European Union CJEU discusses and applies the EU citizenship Treaty norms by analysing the courts approach to decision making which resembles the balancing and weighing of conflicting principles
