## NURS 451 - Clinical Management of Adult Health Nursing III

### Purpose of Assignment

The purpose of this case study is to integrate knowledge from the humanities and sciences, including nursing research and theory, to plan, provide, and evaluate holistic care provided to a client selected during this clinical rotation.

### Student Approach to Assignment

I chose to write this case study on this particular patient because this was the first patient I had cared for that was not generally awake and alert. This patient came into the hospital with a septic infection that progressed to an inability to adequately oxygenate himself and renal failure. He had been on a ventilator for several weeks by the time I was with him and had received a tracheostomy through which to be mechanically ventilated. This experience was difficult for me as he did not respond on any level to anything except for pain.

### Reason for Inclusion of this Assignment in the Portfolio

This assignment gave me a new outlook on patient care and an experience that I had yet to have first hand. Caring for this patient was difficult for me for many reasons. The following program objectives are highlighted in this case study:

#### Critical Thinking

*Evaluates nursing care outcomes through the acquisition of data and the questioning of inconsistencies*

By assessing and reassessing this patient, I was able to quickly notice the changes our interventions were causing. Also, rounds on this patient included a discussion as to his need or contraindication of heparin as an anticoagulant related to his platelet and aggregation counts. This patient was still on heparin but was being evaluated on the first day for heparin-induced thrombocytopenia and on the second day, for disseminated intravascular coagulation. Both of these were the discussions during interdisciplinary rounds.

#### Nursing Practice

*Applies appropriate knowledge of major health problems to guide nursing practice*

By researching and understanding the pathophysiology going on with this patient, I was better able to treat his multiple organ dysfunction syndrome by not only correcting the root cause of the problem, but also by intervening with the associated signs and symptoms to lessen their devastating effects on this patient's health. We used his ABG values to determine appropriate ventilation settings and to ensure that his body was being properly oxygenated.

## **Critical Care Case Studies:**

*Advanced Practice in Critical Care* Sarah McGloin, Anne McLeod, 2010-02-09 Advanced Practice in Critical Care provides experienced critical care nurses with a clear and distinct evidence base for contemporary critical care practice. Central to the book is the application of research and evidence to practice and therefore case studies and key critical care clinical situations are used throughout to guide the reader through the patient care trajectory. Each chapter introduces an initial patient scenario and as the chapter progresses the patient scenario develops with the theoretical perspectives and application. In this way it is evident how multi organ dysfunction develops impacting upon and influencing other body systems demonstrating the multi organ impact that is often experienced by the critically ill patient. In this way consequences of critical illness such as acute renal failure, haemostatic failure and liver dysfunction are explored. Throughout the text key research findings and critical care treatment strategies are referred to applied and evaluated in the context of the given patient case study. Advanced assessment techniques are explained and the underlying pathophysiology is discussed in depth. Advanced Practice in Critical Care is an essential resource for experienced practitioners within critical care whom primarily care for patients requiring high dependency or intensive care.

*Case Studies in Critical Care Nursing* Barbara Clark Mims, 1990

**Case Studies in Adult Intensive Care Medicine** Daniele Bryden, Andrew Temple, 2017-04-20 Guiding FFICM and EDIC exam candidates through the intensive care medicine curriculum this book provides 48 case studies mapped to eight key areas of study in the UK and European syllabuses. Cases include clinical vignettes, explanations and a list of key learning points while also being formatted along the structure of FICM case reports. Key clinical management points are identified and linked to appropriate scientific or evidence based research and case studies chosen reflect a general population relevant to a worldwide readership. Conditions covered are significant to large areas of clinical practice as well as more discrete specialist knowledge making this an essential study guide for trainees preparing for exams in intensive care medicine and also a useful learning tool for candidates in related disciplines such as anaesthesia, FRCA, emergency medicine, MCEM and surgery, MRCS.

*Case Studies in Pediatric Critical Care* Peter J. Murphy, Stephen C. Marriage, Peter J. Davis, 2009-06-11 Presents a spectrum of real and interesting case studies relating to critically ill children.

**Mayo Clinic Critical Care Case Review** Rahul Kashyap MBBS, John C. O'Horo MD, MPH, J. Christopher Farmer MD, 2016-06-23 Mayo Clinic Critical Care Case Review is a unique compendium of cases presented at the highly rated Mayo Clinic Clinical Pathological Case Conference. Designed to cover rare cases in a short amount of time, these reviews are set up in what is called the unknown format, highlighting the clinically key elements of the patient's hospital course, singling out the diagnostic dilemmas and concluding with a question and answer format that allows clinicians to take home relative points for clinical practice. Written by practicing intensivists and critical care fellows for practicing intensivists and critical care fellows, this book combines interesting reading experiences with critical care medicine review. Each chapter ends with questions and answers that provide a board style review for the readers.

Each case begins on the left hand page with the discussion on the right written succinctly to provide quick diagnostic understanding While most critical care review books focus solely on an organ system format Mayo Clinic Critical Care Case Review captures the spirit of the CPC Conference in its text and illustrations      **Review of Critical Care Nursing** Sheila Drake Melander,1996 Critical care nursing requires you to interpret and apply a great deal of information quickly and accurately That kind of critical thinking takes practice the kind of practice you ll find in Review of Critical Care Nursing Case Studies and Applications The 26 case studies and corresponding questions boost your ability to make competent confident decisions Based on actual clinical experiences the case studies thoroughly describe a variety of pulmonary cardiac renal neurological gastrointestinal endocrine and multisystem problems from symptoms through management After each case study a set of 10 20 questions challenges your critical thinking decision making and deductive reasoning skills

Evidence-Based Critical Care Robert C. Hyzy,Jakob McSparron,2020-03-24 This extensively updated textbook comprehensively reviews the latest developments in evidence based critical care Topics are covered in a case study format with an emphasis on the principles of diagnosis and therapy Each topic is covered using a variety of case studies and features a case vignette clinical question and an additional discussion section to clarify areas of particular importance Topics including cytokine release syndrome sympathomimetic overdose and palliative care in the intensive care unit have been extensively revised while new sections focusing on neuromuscular disease and subarachnoid hemorrhages have been added Evidence Based Critical Care 2nd edition is a critical resource for critical care practitioners fellows residents allied health professionals and medical students who wish to expand their knowledge within critical care The case study based approach taken in the textbook makes this an ideal resource for those preparing for board examinations      **Case Studies in Critical Care Nursing** Sheila Drake Melander,2004 Containing detailed and up to date case studies on critical care conditions with accompanying questions and answers for applied learning of the practice of critical care nursing this resource allows the reader to hone vital skills that are necessary in a critical care environment      *Small Animal Emergency and Critical Care* Lisa Powell,Elizabeth A. Rozanski,John E. Rush,2011-06-15 Small Animal Emergency and Critical Care Case Studies in Client Communication Morbidity and Mortality provides a unique opportunity to learn from real life case examples Presented as a collection of short case studies the book examines a wide range of situations likely to arise in emergency practice The approach is modeled on the Morbidity and Mortality Conferences which were first established as a training and educational tool for medical doctors They have now been successfully adopted in veterinary medicine as a forum for case review and learning opportunities encouraging thorough review from different perspectives Each chapter presents a real case and highlights the pitfalls that both novice and experienced veterinarians can encounter A key theme of the book is on communication issues Owner perspectives are discussed as well as how communications between clinicians and owners can be optimized to allow veterinarians to better meet owner expectations The cases were provided by a variety of experienced

veterinarians primarily specialists in veterinary emergency and critical care as well as other specialties general practice universities and private institutions This highly readable book is suitable either to absorb from cover to cover or for reference to a specific case or situation It highlights a number of common clinical problems and communication issues that either did or may lead to difficulties in case management helping you to avoid these situations      Case Studies in Critical Care Medicine Roy D. Cane, 1985

## Critical Care Case Studies Introduction

In today's digital age, the availability of Critical Care Case Studies books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Critical Care Case Studies books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Critical Care Case Studies books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Critical Care Case Studies versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Critical Care Case Studies books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Critical Care Case Studies books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Critical Care Case Studies books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain

books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Critical Care Case Studies books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Critical Care Case Studies books and manuals for download and embark on your journey of knowledge?
