Crossing The Threshold Of Eternity What The Dying Can Teach The Living:

Crossing the Threshold of Eternity Robert L. Wise, 2007-10-01 If we learn to listen and observe carefully the dying can teach us important things that we need to learn in preparing for the end of our own life's journey. From standing at the bedside of the dying, Dr. Robert Wise came to realize there were important patterns and steps that the dying were trying to describe. And yet many miss these life lessons when they go to great lengths to avoid a conversation or encounter with the dying. Wise learned by stopping and listening to the dying that we can get beyond our morbid fears of death to come to a place of peaceful acceptance and to be able to look ahead to a dignified celebration of death. Inspiring stories of those with one foot stepping into eternity give us assurance, hope, and a fresh expectation of what lies beyond the grave. We can all face it without fear. Here are fascinating stories offering reassurance and promise.

The Son Rises Robert L. Wise, 2008-02-19 When the Church gets lost in the maze of competing cultural agendas, its revolutionary message and life-giving influence are compromised and eventually consumed. This increasing marginalization is exactly what began to happen in the latter half of the twentieth century. Many say the answer is for the Christian community to seek a more prominent position in society, but respected teacher and best-selling author Dr. Robert L. Wise contends that we must confront the surrounding culture with a deeper understanding of Christ's resurrection. Only by recovering and sharing the resurrection of the living Lord can the Church reclaim the experience of the first believers who found in the resurrection a doorway to personal redemption that in turn transformed society around them. **The Son Rises** is a fresh exploration of Jesus Christ's resurrection from the dead and His promise of continuing relationship with those who believe in Him.

Compassionate Person-Centered Care for the Dying Bonnie Freeman, 2015-02-23 This groundbreaking reference for palliative care nurses is the first to provide realistic and achievable evidence-based methods for incorporating compassionate and humanistic care of the dying into current standards of practice. It builds on the author's research-based CARES Tool, a reference that synthesizes five key elements demonstrated to enable a peaceful death as free from suffering as possible: Comfort, Airway Management, Management of Restlessness and Delirium, Emotional and Spiritual Support, and Self-Care for Nurses. The book describes step by step how nurses can easily implement the basic tenets of the CARES Tool into their end-of-life practice. It provides a clearly defined plan that can be individualized for each patient and tailored to specific family needs and facilitates caring for the dying in the most respectful and humane way possible.

On the Resurrection, Volume 2 Gary Habermas, 2024-09-15 In **On the Resurrection, Volume 2: Refutations**, Gary Habermas offers detailed analyses and rebuttals of the alternate theories surrounding Jesus's resurrection. This is the second volume of four in his magnum opus **On the Resurrection**.
