Creative Fidelity Weighing And Interpreting Documents Of The Magisterium:

Creative Fidelity Francis A. Sullivan SJ, 2003-03-31 An important part of the theologians task is to make the church's dogmas meaningful to the faithful of their own time. The attitude with which a theologian should undertake this task of communicating a contemporary understanding of the faith is well described as one of creative fidelity. Two basic sources for Catholic theology are scripture and the documents of the Magisterium. Just as Catholic theologians must know how to distinguish among the various literary genres in the bible and how to interpret scriptural texts, they must also know how to determine the relative degree of authority exercised in the various documents issued by popes or councils and how to apply the principles of hermeneutics in interpreting them. This book offers guidelines that will help those interested in Catholic theology to make sound judgments about the authority and meaning of the documents in which the church has expressed its faith over the centuries. Making such judgments requires a knowledge of the correct level of response these documents call for from the faithful and the ability to offer to today's faithful a contemporary understanding of their faith. The task of the interpreter is one of creative fidelity, requiring a delicate balance between being faithful to the original meaning of the text and creative in finding the concepts and terms that make it meaningful today. **Creative Fidelity** Francis A.

Sullivan, 2003-03-31 An important part of the theologians task is to make the church's dogmas meaningful to the faithful of their own time. The attitude with which a theologian should undertake this task of communicating a contemporary understanding of the faith is well described as one of creative fidelity. Two basic sources for Catholic theology are scripture and the documents of the Magisterium. Just as Catholic theologians must know how to distinguish among the various literary genres in the bible and how to interpret scriptural texts, they must also know how to determine the relative degree of authority exercised in the various documents issued by popes or councils and how to apply the principles of hermeneutics in interpreting them. This book offers guidelines that will help those interested in Catholic theology to make sound judgments about the authority and meaning of the documents in which the church has expressed its faith over the centuries. Making such judgments requires a knowledge of the correct level of response these documents call for from the faithful and the ability to offer to today's faithful a contemporary understanding of their faith. The task of the interpreter is one of creative fidelity, requiring a delicate balance between being faithful to the original meaning of the text and creative in finding the concepts and terms that make it meaningful today. **Creative Fidelity** Francis Aloysius Sullivan, 1996 *Creative Fidelity*

Francis Aloysius Sullivan, Francis A. Sullivan, 1996 This book offers guidelines that will help those interested in Catholic theology to make sound judgments about the authority and meaning of the documents in which the church has expressed its faith over the centuries. Making such judgments requires a knowledge of the correct level of response these documents call for from the faithful and the ability to offer to today's faithful a contemporary understanding of their faith. The task of the interpreter is one of creative fidelity, requiring a delicate balance between being faithful to the original meaning of the text

and creative in finding the concepts and terms that make it meaningful today BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Walking with Faith* Walter J. Woods,2010-02-01 *Walking with Faith* addresses a long standing need to develop the faith related dimensions of Christian moral life and explore their implications It responds to Vatican II s exhortation that theological studies be renewed through a lively contact with the mystery of Christ and the history of salvation Accordingly this book examines the relationship between faith and moral life in the Scriptures and acknowledges the normative quality of the biblical texts It reviews the long experience of the Church paying special attention to history worship and intellectual currents These dimensions of Christian life show the relationship between faith and moral life at any given time and allow the actions of one generation to have effects that extend far into the future *Walking with Faith* promotes an understanding of contemporary pastoral and theological issues and encourages a deep and informed approach to Christian life

Systematic Theology Thomas P. Rausch,2016 Systematic theology seeks to understand and render more intelligible the central doctrines of faith and to show how they are related to each other It tries to demonstrate how these doctrines are rooted in Scripture and develop in the history of the church most important it strives to more adequately express and sometimes reinterpret the church s doctrinal tradition always in the interest of better communicating the mystery of salvation and bringing it into a dialogue with culture The present text is intended to be concise and accessible an introduction that explores basic themes in Catholic systematic theology from a biblical historical and contemporary perspective always aware of today s theological pluralism

Catholic Doctrines on the Jewish People after Vatican II Gavin D'Costa,2019-10-10 In this timely study Gavin D Costa explores Roman Catholic doctrines after the Second Vatican Council regarding the Jewish people 1965 2015 It establishes the emergence of the teaching that God s covenant with the Jewish people is irrevocable What does this mean for Catholics regarding Jewish religious rituals the land and mission Catholic Doctrines on the Jewish People after Vatican II establishes that the Catholic Church has a new teaching about the Jewish people the covenant made with God is irrevocable D Costa faces head on three important issues arising from the new teaching First previous Catholic teachings seem to claim Jewish rituals are invalid He argues this is not the case Earlier teachings allow us positive insights into the modern question Second a nuanced case for Catholic minimalist Zionism is advanced without detriment to the Palestinian cause This is in keeping with Catholic readings of scripture and the development of the Holy See s attitude to the State of Israel Third the painful question of mission is explored D Costa shows the new approach safeguards Jewish identity and allows for the possibility of successful witness by Hebrew Catholics who retain their Jewish identity and religious life

Beyond Obedience and Abandonment Graham P. McDonough,2012-10-01 Catholic schools have achieved academic social and spiritual successes but have also struggled with shifting twenty first century social values Confronted with issues such as the proper treatment of non heterosexual students disagreements over the ordination of women and assertions that schools are not properly teaching doctrine Catholic schools tend to listen to

concerns and then resume established institutional programs In *Beyond Obedience and Abandonment* Graham McDonough proposes that Catholic schools embrace dissent as a powerful opportunity for rediscovery in the Church Building a case for productive dissent McDonough provides a nuanced analysis of contemporary Catholic education He considers the ways in which the established body of theology history and curriculum theory supports faithful disagreement within the tradition of religious schooling and outlines new perspectives for overcoming doctrinal frustrations and administrative obstacles *Beyond Obedience and Abandonment* is a well reasoned and engaging work that illustrates the limitations of current practices and proposes new designs that will enable greater dissent and fuller participation in Catholic education **The Oxford**

Handbook of Vatican II Catherine E. Clifford, Massimo Faggioli, 2023 This Handbook presents 44 chapters covering the complex history of the Second Vatican Council of the Catholic Church 1962-1965 including contributions from a wide range of geographical and theological perspectives [Authority in the Roman Catholic Church](#) Bernard Hoose, 2017-03-02 How did the present authority structures within the Church come into existence How if at all can we justify their existence What form of authority should exist in the Church These and other related questions exercise the minds of many Christians in these days when the very notion of authority is questioned but debate about them is perhaps nowhere more lively than within the ranks of Roman Catholicism This book offers an important contribution to such debate within that church Leading Catholic theologians from both sides of the Atlantic take up the key issues analysing the concept of authority and governance examining the history of authority within the Roman Catholic church discussing who should have a say in future developments exploring ecumenical dimensions with particular reference to Anglicanism and the Orthodox churches and suggesting the kind of reforms that might be prudent as well as ways in which such reforms might be brought about The book will prove of interest to many Roman Catholics but given the ecumenical impact of many of the issues explored it is likely to exert a wide appeal far beyond the confines of that church
