Crisis And Control The Militarization Of Protest Policing:

Crisis and Control Lesley J. Wood, 2014 An activist's guide to understanding the militarisation of the policing of protest

Protest Policing and Human Rights Michael Smith, 2022-12-30 This book examines protest policing and the toolbox of options available to police commanders in response The right to peacefully protest is intrinsic to democracy and embedded in British history and tradition The police are responsible for managing public order and facilitating peaceful protest and this has not been without criticism On occasions the police have found themselves in opposition to protest groups and there have been incidents of disorder as a result In response the development of Police Liaison Teams in the UK has presented the police with a gateway for dialogue between themselves and those involved in protest Drawing on two contrasting case studies the policing of the badger cull in South West England and an English Defence League EDL march in Liverpool this book explores the experiences of police commanders police liaison officers protesters counterdemonstrators members of local businesses and other interested parties It explores how a dialogical approach with all those engaged in or affected by a protest has assisted the police in balancing human rights and reducing conflict for all An accessible and compelling read this book will appeal to students scholars and practitioners of policing politics criminology sociology human rights and all those interested in how protests are policed

Policing Protest Paul A. Passavant, 2021-06-28 In *Policing Protest* Paul A. Passavant explores how the policing of protest in the United States has become increasingly hostile since the late 1990s moving away from strategies that protect protesters toward militaristic practices designed to suppress protests He identifies reactions to three interrelated crises that converged to institutionalize this new mode of policing the political mobilization of marginalized social groups in the Civil Rights era that led to a perceived crisis of democracy the urban fiscal crisis of the 1970s and a crime crisis that was associated with protests and civil disobedience of the 1960s As Passavant demonstrates these reactions are all haunted by the figure of black insurrection which continues to shape policing of protest and surveillance notably in response to the Black Lives Matter movement Ultimately Passavant argues this trend of violent policing strategies against protesters is evidence of the emergence of a post democratic state in the United States

Police Response to Riots Garth den Heyer, 2019-11-13 This book is a study of the response that the police take to modern urban riots It takes a principally police perspective on the lead up to a riot the police response and the evaluation of the police response The book is based on the development and analysis of four extensive case study riots France 2005 London 2011 Ferguson 2014 and Baltimore 2015 The methodological approach to the case studies is comparative and includes an interactive framework that incorporates a number of key variables These variables examine how each riot began how they developed the response strategies and tactics used by the police and how the riots eventually ended The first section looks at defining riots and examines the riot literature and research to date The second section analyses the current police response to rioting The third and final section includes an analysis and comparison of the case study riots along with an examination of

how the police response to riots could be improved With its focus on police practices this unique volume will be useful for researchers students police law enforcement and policy makers

The Routledge History of Police Brutality in America Thomas Aiello,2023-04-11 This handbook offers a comprehensive historical overview and analysis of police brutality in US history and the variety of ways it has manifested itself Police brutality has been a defining controversy of the modern age brought into focus most readily by the murder of George Floyd in Minneapolis and the mass protests that occurred as a result in 2020 However the problem of police brutality has been consistent throughout American history This volume traces its history back to Antebellum slavery through the Gilded Age the Progressive Era the two world wars and the twentieth century to the present day This handbook is designed to create a generally holistic picture of the phenomenon of police brutality in the United States in all of its major lived forms and confronts a wide range of topics including Race Ethnicity Gender Police reactions to protest movements particularly as they relate to the counterculture and opposition to the Vietnam War Legal and legislative outgrowths against police brutality The representations of police brutality in popular culture forms like film and music The role of technology in publicizing such abuses and the protest movements mounted against it The Routledge History of Police Brutality in America will provide a vital reference work for students and scholars of American history African American history criminal justice sociology anthropology and Africana studies

The SAGE Handbook of Global Policing Ben Bradford,Beatrice Jauregui,Ian Loader,Jonny Steinberg,2016-07-14 The SAGE Handbook of Global Policing examines and critically retraces the field of policing studies by posing and exploring a series of fundamental questions to do with the concept and institutions of policing and their relation to social and political life in today s globalized world The volume is structured in the following four parts Part One Lenses Part Two Social and Political Order Part Three Legacies Part Four Problems and Problematics By bringing new lines of vision and new voices to the social analysis of policing and by clearly demonstrating why policing matters the Handbook will be an essential tool for anyone in the field

When Riot Cops Are Not Enough Mike King,2017-03-09 In *When Riot Cops Are Not Enough* sociologist and activist Mike King examines the policing and broader political repression of the Occupy Oakland movement during the fall of 2011 through the spring of 2012 King s active and daily participation in that movement from its inception through its demise provides a unique insider perspective to illustrate how the Oakland police and city administrators lost the ability to effectively control the movement Drawn from King s intensive field work the book focuses on the physical legal political and ideological dimensions of repression in the streets in courtrooms in the media in city hall and within the movement itself *When Riot Cops Are Not Enough* highlights the central role of political legitimacy both for mass movements seeking to create social change as well as for governmental forces seeking to control such movements Although Occupy Oakland was different from other Occupy sites in many respects King shows how the contradictions it illuminated within both social movement and police strategies provide deep insights into the nature of protest policing generally and a clear map to understanding the full range

of social control techniques used in North America in the twenty first century *Putting the State on Trial* Margaret E. Beare, Nathalie Des Rosiers, Abigail C. Deshman, 2015-04-01 Canada is often lauded as a model democracy that values the constitutional rights of its citizens So when over a thousand people most of whom were peaceful protesters or hapless bystanders were violently arrested and then detained without charge during the G20 Summit in Toronto in 2010 many Canadians felt shock and outrage Putting the State on Trial The Policing of Protest during the G20 Summit examines the political social and economic conditions that allowed the policing of the summit to culminate in human and civil rights violations Written by a multi disciplinary group of scholars and legal practitioners this book contextualizes events before during and after the summit from a range of perspectives Although the G20 protests serve as a point of departure in every chapter the contributing authors engage with larger questions about the control of dissent the impact of the securitization and internationalization of Canadian politics the implications of legal uncertainty and the accountability vacuum **The Policing of Flows** Anthony Amicelle, Karine Cote-Boucher, Benoît Dupont, Massimiliano Mulone, Clifford Shearing, Samuel Tanner, 2020-05-21 Rectifying the fact that little criminological attention has been paid to the notion that the security of flows increasingly embodies concerns at the heart of contemporary policing practices this book makes a significant contribution to knowledge about the policing and security governance of flows The book focuses on how the growing centrality of flows affects both contemporary risks and the policing organisations in charge of managing them The contributors analyse flows such as event security border controls and migration the movement of animal parts security related intelligence and organisational flows The emerging criminology of these as well as flows of money information and numerous commodities from pharmaceuticals to minerals or malicious software is leading to critical advances in the understanding of the changing harm landscapes and the practices that have developed to manage them Taken as a whole the book opens up the conversation and encourages the invention of new conceptual theoretical and methodological tools to help criminology tackle and better understand the mobile world in which we live This book was originally published as a special issue of Global Crime The Politics of the Police Benjamin Bowling, Robert Reiner, James W. E. Sheptycki, 2019 The Politics of the Police offers a geographical and historical overview of the law and politics of the police This fifth edition covers a wider range of empirical and theoretical issues encompassing a transnational scope and reflecting the growing diversity of policing forms in today s globalized world

Unveiling the Power of Verbal Beauty: An Mental Sojourn through **Crisis And Control The Militarization Of Protest Policing**

In a world inundated with monitors and the cacophony of immediate transmission, the profound power and mental resonance of verbal art frequently diminish in to obscurity, eclipsed by the regular assault of sound and distractions.
