periods 1 The Victorian values which were developed by the middle class were most influential during the second third of Victoria s reign During this time the middle class grew significantly and became very important for example through the Reform Bills which enlarged the voting population as well as through their growing wealth Because of their new role in society middle class opinions behavior and values were adopted by the other classes above and below 2 Therefore it can be said that from its beginning onwards the mid Victorian era was and is of a special influence on the British society in past and present The opening of the Great Exhibition was also the opening of the Golden Age of Victorianism 3 This Golden Age even has been recognized at the end of the 20th century when the British Prime Minister Margaret Thatcher stated Victorian Values were the values when our country became great 4 Therefore this term paper will discuss the famous Victorian Values which were developed in one class and later characterized a whole society How did the people of the middle class live in the middle of the 19th century How did they practise their morals and values What were their morals and ideals 1 David Thomson England in the Nineteenth Century 1815 1914 Harmondsworth Penguin Books 1991 221 224 2 Gottfried Niedhart Geschichte Englands im 19 und 20 Jahrhundert 3 B nde M nchen Verlag C H Beck 1987 39 49 3 Thomson England 19th Century 100 4 Asa Briggs A Social History of England 2nd edition London Weidenfeld and Nicolson 1994 249
