It introduces readers to the main theories and approaches in the field of organisational development and change (ODC) and discusses their relevance and purpose with a clear focus on improving how readers perceive and handle change. The book is tailor made for business students without any background in the humanities helping them to conceptualise organisational development and change and to practically organise interventions to increase organisational effectiveness. The book's goal is to help future managers and consultants recognise and handle the full situation which includes purposes, people and relationships. Furthermore, it elaborates on those theories and instruments that can deliver real benefits to real people working in real, fuzzy and complex circumstances and includes several practical cases focusing on the role of the interventionist.

Abnormal Psychology: Taking Sides - Clashing Views in Abnormal Psychology Richard Halgin, 2008-02-26 This Fifth Edition of *TAKING SIDES ABNORMAL PSYCHOLOGY* presents current controversial issues in a debate style format designed to stimulate student interest and develop critical thinking skills. An online instructor's resource guide with testing material is available. *USING TAKING SIDES IN THE CLASSROOM* ISBN 9780073343907 is also an excellent instructor resource with practical suggestions on incorporating this effective approach in the classroom. Each *TAKING SIDES* reader features an annotated listing of selected World Wide Web sites and is supported by our student website www.mhcl.com online.

Essentials of Understanding Psychology Robert S. Feldman, 2006-11 Students First *Essentials of Understanding Psychology* is written around the philosophy that an effective textbook must be oriented to students: informing them, engaging them, exciting them about the field and expanding their intellectual capabilities because when students understand psychology they learn psychology. No matter what brings students into the introductory course and regardless of their initial motivation, *Essentials of Understanding Psychology* Seventh Edition draws students into the field and stimulates their thinking. This revision integrates a variety of elements that foster students' understanding of psychology and its impact on their everyday lives. It also provides instructors with a fully integrated supplements package to objectively gauge their students' mastery of psychology's key principles and concepts and to create dynamic lectures.
