Contemplative Prayer at Work in Our Lives Geoff Colvin, 2021-05-24 While many practicing Christians are relatively satisfied with their prayer life others are not The latter often find their prayer practice has dried up Their traditional forms of prayer at churches have become routine and empty In a very real sense there is a void in their spiritual lives They want a deeper union with God yet experience an unsettling estrangement with their current pathway in prayer In *Contemplative Prayer at Work in Our Lives* Geoff Colvin draws on his own experiences studies of spiritual literature and participation in retreats and meditation groups to unravel the challenging practice of contemplative prayer a unique form of meditation involving very few words in silence and stillness Contemplative prayer centers on the fundamental belief that God dwells not only in the world at large but also at the center of our being This book offers Christians an approach for understanding contemplative prayer followed by hands on detail for developing and sustaining a practice that hopefully leads to a richer and fuller spiritual journey to union with God

The Blessing Charles E. Jackson, 2020-12-30 Why should you bother to look at this book and even consider purchasing and reading it There must be more that God has for those who believe as we seek to grow and mature in the faith of Christ The subtitle *Who May Ascend* is based on Psalm 24 It suggests there is more and that the hearts of many still seek it Are you one of them If so come be encouraged by scripture challenged by Rev Dr Charles Jackson's reflections and inspired by nature Come discover *The Blessing*

Sinister Resonance David Toop, 2010-06-24 *Sinister Resonance* begins with the premise that sound is a haunting a ghost a presence whose location is ambiguous and

whose existence is transitory The intangibility of sound is uncanny a phenomenal presence in the head at its point of source and all around The close listener is like a medium who draws out substance from that which is not entirely there The history of listening must be constructed from the narratives of myth and fiction silent arts such as painting the resonance of architecture auditory artefacts and nature In such contexts sound often functions as a metaphor for mystical revelation forbidden desires formlessness the unknown and the unconscious As if reading a map of hitherto unexplored territory Sinister Resonance deciphers sounds and silences buried within the ghostly horrors of Arthur Machen Shirley Jackson Charles Dickens M R James and Edgar Allen Poe Dutch genre painting from Rembrandt to Vermeer artists as diverse as Francis Bacon and Juan Munoz and the writing of many modernist authors including Virginia Woolf Samuel Beckett and James Joyce

Through a Glass Darkly Holly Faith Nelson,Lynn R. Szabo,Jens Zimmermann,2011-01-19 Suffering the sacred and the sublime are concepts that often surface in humanities research in an attempt to come to terms with what is challenging troubling or impossible to represent These intersecting concepts are used to mediate the gap between the spoken and the unspeakable between experience and language between body and spirit between the immanent and the transcendent and between the human and the divine The twenty five essays in *Through a Glass Darkly* Suffering the Sacred and the Sublime in Literature and Theory written by international scholars working in the fields of literary criticism philosophy and history address the ways in which literature and theory have engaged with these three concepts and related concerns The contributors analyze literary and theoretical texts from the medieval period to the postmodern age from the works of Chaucer Shakespeare Donne and Herbert to those of End Sh saku Alice Munro Annie Dillard Emmanuel Levinas and Slavoj i ek This book will be of particular interest to scholars of religion and literature philosophy and literature aesthetic theory and trauma studies

Thinking through Thomas Merton Robert Inchausti,2014-02-01 Considers the legacy of Thomas Merton and his relevance for contemporary times With the publication of *The Seven Storey Mountain* in 1948 Thomas Merton became a bestselling author writing about spiritual contemplation in a modern context Although Merton 1915 1968 lived as a Trappist monk he advocated a spiritual life that was not a retreat from the world but an alternative to it particularly to the deadening materialism and spiritual vacuity of the postwar West Over the next twenty years Merton wrote for a wide audience bringing the wisdom of Christianity Buddhism and Sufism into dialogue with the period s contemporary thought In *Thinking through Thomas Merton* Robert Inchausti introduces readers to Merton and evaluates his continuing relevance for our time Inchausti shows how Merton broke the high modernist trance so that we might become the change we wish to see in the world by refiguring the lost virtues of silence contemplation and community in a world enamored by the will to power virtuoso performance radical skepticism and materialist metaphysics Merton s defense of contemplative culture is considered in light of the postmodern thought of recent years and emerges as a compelling alternative Inchausti explores Merton s understanding of Western Christian monasticism and provides new

insights into his critique of modernity Curt Cadorette author of Catholicism in Social and Historical Contexts An Introduction
