Dianas Babies Kate William And The Repair Of A Broken Family:

Diana's Babies Angela Levin, 2015-09 Angela Levin's incisive book follows Prince William's path as he seeks comfort in the ordinary. He is determined to rid himself of his dysfunctional past. Second in line to the British throne, he was raised with every advantage except what a child needs most: a secure and stable family background. Now he is creating such a home himself as a loving husband of Kate Middleton and devoted father to Prince George and Princess Charlotte. *McCall's*, 1997 [The British Royal Family](#) Anthony Holden, 1984-03 **William & Harry** Ingrid Seward, 2012-01-31 So much has been written about Princes William and Harry, yet so little is really known about them. In this biography of the two brothers, Ingrid Seward examines the extraordinary lives of the two men who are second and third in line to the British throne. From the privileged childhood through the trauma of their parents' divorce and subsequent tragic death of their mother to the tabloid gossip and scandals of late William and Harry, they have always fascinated. This account features interviews with close personal friends giving an intimate insight into their lives. [Brothers and Wives](#) Christopher Andersen, 2021-11-30 Featuring unreported details and stunning revelations, the long-awaited follow-up to the fabulous addictive *Chicago Sun Times* New York Times bestseller *Diana's Boys* explores the last twenty years in the lives of Princes William and Harry and the evolution of their relationship as adults, with one brother the designated heir and the other doomed to life as the spare. Perfect for fans of Netflix's *The Crown*, *Diana's Boys* revealed the powerful bond between the teenaged princes and how it strengthened even more in the wake of their mother's tragic death. Now twenty years later, Queen Elizabeth II is in her mid-nineties, Prince Charles is in his seventies, and all eyes are turned increasingly toward William and Harry again. Christopher Andersen picks up where he left off, covering everything that has happened to the brothers as they have grown up, gotten married to two remarkable women, and had children, all while facing continual waves of controversy and questions about the ways their relationship has shifted. Andersen examines how the Queen, behind the scenes, maneuvering to mold her grandsons in the Windsor image after Diana's death, and her expectations of William as the future king played out. He questions whether the brothers' famously close relationship can survive Harry's departure from the Royal Family. The first time this has happened since their great-great-uncle King Edward abdicated the throne to marry a divorcee. He delves into the impact sisters-in-law Kate and Meghan have had on each other as well as on their princes, and how marriage and fatherhood have changed the brothers and in some ways also driven a wedge between them. Andersen also looks with an honest eye at how the princes and their wives have been continuously buffeted by scandal, including headline-making allegations of bullying, racism, betrayal, and emotional abuse that has pushed more than one royal to the brink of self-destruction. Based on in-depth research and with his fascinating and insightful *The Christian Science Monitor* writing, Andersen leaves no stone unturned in this intimate and riveting look into the private lives of the world's most famous princes. **Catherine, the Princess of Wales: The Biography** Robert Jobson, 2024-08-01 DISCOVER THE TRUTH BEHIND THE HEADLINES THE REVELATORY
