Dictionnaire Musique Theorique Historique Classic:

Classical and Romantic Performing Practice 1750-1900 Clive Brown, 2004-05-20 The past ten years have seen a rapidly growing interest in performing and recording Classical and Romantic music with period instruments yet the relationship of composers notation to performing practices during that period has received only sporadic attention from scholars and many aspects of composers intentions have remained uncertain Brown here identifies areas in which musical notation conveyed rather different messages to the musicians for whom it was written than it does to modern performers and seeks to look beyond the notation to understand how composers might have expected to hear their music realized in performance There is ample evidence to demonstrate that in many respects the sound worlds in which Mozart Beethoven Wagner and Brahms created their music were more radically different from ours than is generally assumed **Classical and Romantic**

Meyer, Kirsten Yri, 2020-03-02 The Oxford Handbook of Music and Medievalism brings together international scholars from a wide range of disciplines to provide a snapshot of the diverse ways in which medievalism the retrospective immersion in the images sounds narratives and ideologies of the European Middle Ages powerfully transforms many of the varied musical traditions of the last two centuries Chronology of Western Classical Music Charles J.
