The Versailles Effect Mark Ledbury, Robert Wellington, 2020-12-10 The essays in this volume show that Versailles was not the

static creation of one man but a hugely complex cultural space a centre of power but also of life love anxiety creation and an enduring palimpsest of aspirations desires and ruptures The splendour of the Chateau and the masterpieces of art and design that it contains mask a more complex and sometimes more sordid history of human struggle and achievement The case studies presented by the contributors to this book cannot provide a comprehensive account of the Palace of Versailles and its domains the life within its walls its visitors and the art and architecture that it has inspired from the seventeenth century to the present day from the palace of the Sun King to the Penthouse of Donald Trump However this innovative collection will reshape or even radically redefine our understanding of the palace of Versailles and its posterity Bernard Stiegler Bart Buseyne,Georgios Tsagdis,Paul Willemarck,2024-01-25 Honouring the memory of the late Bernard Stiegler this edited collection presents a broad spectrum of contributions that provide a complex and coherently articulated image of Stiegler's thought which reached beyond the boundaries of academic artistic and experimental techno scientific enclaves where it had been originally received Stiegler's philosophical work encompassed theorization social diagnosis planning practical and territorial experimentation politics and aesthetics In its wake the essays in this volume celebrate and explore the wealth of this multi dimensional legacy They examine the conditions of human life in general its foundational intermittence and carry forward Stiegler's post phenomenological unfolding of the distinctive spatio temporalities that weave together the epoch we call present Engaging closely with Stiegler's original impetus for the creation of technologies of care as well as of communities of knowledge and artistic practice **Alternative Educational Methodologies** Ion Albulescu,Catalano Horațiu Roco,2018-01-23 This volume brings together a number of papers presented at the international conference on Specific Methodologies in Educational Alternatives held in June 2016 at the Bistrița University Extension of the Educational Sciences Department of Babe Bolyai University Cluj Napoca Romania The event served to promote the most recent theoretical and practical findings related to educational alternatives and attracted the attendance of over 250 theorists and experts in the field The conference represented a significant opportunity to know and develop this field of study based on research and examples of good practice The contributions here specifically explore the six educational alternatives that exist in Romania namely Step by Step Waldorf Freinet Curative Pedagogy Montessori and the Jenaplan
