Die Bildenden Künste Im Dritten Reich:

The Third Reich in Power Richard J. Evans, 2006-09-26 The acclaimed and comprehensive account of Germany's transformation under Hitler's total rule and the inexorable march to war by the author of *The Coming of the Third Reich* *The Third Reich at War* and *Hitler's People* Evans's three volume history is shaping up to be a masterpiece Fluidly narrated tightly organized and comprehensive *The New York Times* Mr Evans's magisterial study should be on our shelves for a long time to come *The Economist* By the middle of 1933 the democracy of the Weimar Republic had been transformed into the police state of the Third Reich mobilized around the cult of the leader Adolf Hitler In *The Third Reich in Power* Richard J. Evans chronicles the incredible story of Germany's radical reshaping under Nazi rule As those who were deemed unworthy to be counted among the German people were dealt with in increasingly brutal terms Hitler's drive to prepare Germany for the war that he saw as its destiny reached its fateful hour in September 1939 This is the fullest and most authoritative account yet written of how in six years Germany was brought to the edge of that terrible abyss Art, Ideology, and Economics in Nazi Germany Alan E. Steinweis, 2017-11-01 From 1933 to 1945 the Reich Chamber of Culture exercised a profound influence over hundreds of thousands of German artists and entertainers Alan Steinweis focuses on the fields of music theater and the visual arts in this first major study of Nazi cultural administration examining a complex pattern of interaction among leading Nazi figures German cultural functionaries ordinary artists and consumers of culture Steinweis gives special attention to Nazi efforts to purge the arts of Jews and other so called undesirables Steinweis describes the political professional and economic environment in which German artists were compelled to function and explains the structure of decision making thus showing in whose interest cultural policies were formulated He discusses such issues as insurance minimum wage statutes and certification guidelines all of which were matters of high priority to the art professions before 1933 as well as after the Nazi seizure of power By elucidating the economic and professional context of cultural life Steinweis helps to explain the widespread acquiescence of German artists to artistic censorship and racial purification His work also sheds new light on the purge of Jews from German cultural life **Friedrich Meinecke and German Politics in the Twentieth Century** Robert A.
