Diana Inquest Corruption At Scotland Yard:

Diana Inquest John Morgan,2013-05-21 This explosive book exposes high level corruption in London s Metropolitan Police Service following the August 1997 death of Princess Diana in Paris Over the ensuing decade Scotland Yard carried out one of the biggest and most wide reaching cover ups in its history Police Commissioners Paul Condon and John Stevens should have conducted a thorough investigation Instead they sought to prevent the truth of the Alma Tunnel car crash the assassination of Princess Diana from being revealed to the British public Just 18 days after the crash Princess Diana s lawyer Victor Mishcon presented to Paul Condon documentary evidence of Diana s belief she would be killed in a car crash Instead of investigating this Condon locked the evidence in his office safe and there it stayed for six years But it is worse this book reveals that in 2007 the year following the death of Mishcon Condon and his assistant David Veness fabricated a document to show that Mishcon agreed with the suppression of the evidence They used this fabricated document with Condon s forged signature to support their perjury at the 2007 8 inquest where they falsely claimed Mishcon had insisted on the suppression of the Diana evidence Corruption at Scotland Yard shows that Lord John Stevens Lord Paul Condon and Sir David Veness colluded and lied repeatedly during their extensive inquest cross examinations The book also reveals that Stevens presided over one of the largest sham investigations in the history of British policing Operation Paget An operation that the public believed was designed to investigate the Paris crash was instead used to cover up the truth of what occurred protecting the perpetrators of the assassination of Princess Diana This book reveals that on the very day of the crash Condon and Veness deliberately appointed Jeffrey Rees a corrupt officer to head the investigation even though he was not available and had a clear conflict of interest Corruption at Scotland Yard exposes police corruption involving top police on a scale that will shock most members of the British public

Diana Inquest John Morgan,2009 The Untold Story exposes high level corruption in the 21st century British justice system It reveals how judicial corruption led to a seriously flawed verdict at the inquest into the deaths of Princess Diana and Dodi Fayed It provides a thorough record of the key evidence that was heard by the inquest jury and details the 143 important witnesses who were not heard from during the inquest The book reveals the critical relevance of the evidence from the original police statements that the jury were prevented from having access to This untold story destroys the perception that the inquest achieved justice for the deceased occupants of the crashed Mercedes It clearly outlines the methods employed by the royal coroner to continually manipulate the jury throughout the six months of the inquest This is the gripping true account of a judiciary hell bent on ensuring that the jury would not be permitted to return a verdict of murder in the most significant and high profile inquest of our modern era

Royals at War Dylan Howard,Andy Tillet,2020-06-30 Reveals Shocking Revelations about Prince Harry Meghan Markle and the British Royal Family and the Divisive Rifts Between Them This explosive expos Royals at War takes readers inside a riven Buckingham Palace to provide the definitive account of the unfolding abdication crisis of 2020 dubbed Megxit during which the Duke and Duchess of Sussex

Prince Harry and Meghan Markle became royal outcasts Through revealing interviews with royal family insiders friends aides historians royal watchers and others with intimate knowledge of The House of Windsor this tell all book looks back at the events motives and crises which led to Harry sixth in line to the throne dramatically abandoning his birthright in a move not seen for nearly a century when King Edward VIII also gave up the crown for the woman he loved as Europe teetered on the brink of fascism and war Like Edward and Wallis Simpson the catalyst for the scandal here is also an ambitious controversial American woman Dylan Howard bestselling author of *Diana Case Solved* and *Epstein Dead Men Tell No Tales* charts how Meghan s relationship with Harry was viewed as controversial from the start and how her brief honeymoon with the British public began to sour shortly after she and Harry announced in November 2018 that they would be leaving Kensington Palace to move to Frogmore Cottage an hour outside London As senior royals expressed disapproval the public at first seemed to enjoy the royal spat with many still supporting Team Meghan until it emerged that the bill to renovate Frogmore Cottage to Meghan s lavish expectations would be 3 million and be picked up by British taxpayers Finally in a move nobody saw coming Harry announced he was turning his back on the role he had been groomed for since birth giving up his HRH title repaying the renovation costs of Frogmore Cottage abandoning his royal duties and leaving Britain for good Buckingham Palace reeled Howard s unique access and insight into this constitutional crisis will not only address the tensions and tantrums behind closed palace doors but seek to answer the questions many are still asking Has Prince Harry ever really recovered from the death of his mother Diana and the resentment he feels against the institution that tried to destroy her Why did Meghan once hailed as a breath of fresh air rile up the monarchy Why did she refuse to conform to royal conventions in the way that Catherine did before her Did the public and media criticism of Meghan go too far And just how valid are the accusations of racism How did these modern royals treat the tabloids differently to tradition And did it backfire What next for Harry and Meghan And how will they and the institution they ve turned their back on react to their new lives outside the confines of the Palace and free from the strict codes and conventions that bind all members of the Royal Family Caught in a trap by virtue of a life entombed in a gilded cage *Royals at War* answers these questions and more and reveals how Harry s infatuation with Meghan and desire to modernize the monarchy could yet end in disaster for the House of Windsor Played out against the cataclysm of the British tabloid s laser focus on the duchess every movement for good or ill this is the true story of Harry and Meghan s split from the Establishment and perhaps just the beginning of a whole new Monarchy redefined for the modern age *The Times Index* ,2007 Indexes the Times and its supplements [The Guardian Index](#) ,1994 *Diana Inquest* John Morgan,2010 *Diana Inquest The Untold Story* shows that the blood samples extracted during Henri Paul s autopsy were actually taken from a different person s body tracks the French investigation from the crash through to its conclusion in September 1999 reveals the culture of cover up and corruption that existed right through the French investigation includes explosive new documentary and witness evidence from within the British police

investigation that was not presented at the inquest and has never previously been revealed to the British or international public reveals the evidence that was heard at the 2008 British inquest exposes major issues of corruption and cover up at the British inquest Back cover

The Decoy Chester Stern, 2012-08-19 Throughout her public life the eyes of the world were on Diana Princess of Wales But who else was watching her more closely What were their motives What was their agenda And what was their role in her death Diana famously predicted her own demise in a road accident When it happened Her Majesty the Queen warned Diana's butler to beware of dark forces telling him of powers at work in this country about which we have no knowledge After two international police investigations and an exhaustive inquest questions still remain about the circumstances surrounding the death of the self styled Queen of Hearts On the night she died two secret operations one connected to the British Establishment and one involving major figures in the French government collided unintentionally with catastrophic results From Bosnia to Baghdad from Paris to Washington from Angola to London this faction thriller tells the compelling story of the British French and American secret services involvement in the most iconic car crash in history and beyond The names dates places and events are real Only the storyline is fiction Or is it As the former head of Scotland Yard's press bureau crime correspondent for a Sunday newspaper and personal adviser to Mohamed Al Fayed the author has a unique insight Among the countless conspiracy theories his is the most plausible account so far This is a must read for all students of the subject

Diana Inquest John Morgan, 2010-07 Diana Inquest The Documents the Jury Never Saw exposes a massive suppression of evidence at the 2008 London inquest into the deaths of Princess Diana and Dodi Fayed This book edited by investigative writer John Morgan publishes for the first time over 100 documents that were withheld from the inquest jury by Lord Justice Scott Baker It then goes on to list a further 400 items of vital evidence that Baker concealed from his own jury The withheld documentation is so critical to the case that it calls into question whether the jury were actually in a position to achieve an informed verdict Included in the 700 page book are the original official police statements of French experts Professor Dominique Lecomte and Dr Gilbert Pepin Lecomte was the pathologist who conducted the controversial autopsy of Mercedes driver Henri Paul and Pepin was the toxicologist who carried out the testing on the autopsy samples Both of these crucial witnesses refused to appear at the London inquest Judge Baker had those statements but failed to have them read out or shown to the jury Those police statements along with many other crucial documents are made public for the first time in this volume The Documents the Jury Never Saw reveals a judicial censorship of key evidence that was so substantial that it indicates Scott Baker's inquest was more significant for the documents that weren't shown than for those that the jury actually saw John Morgan who has authored a series of books on the Princess Diana inquest has stated that the London inquest was not run by an independent judge The documents in this book are so central to the case yet royal coroner Scott Baker prevented his jury from seeing them It could be argued that there was no intention to allow that jury to get to the bottom of what happened in the Alma Tunnel on 31 August 1997 When this current book is read in the context of Morgan's

Diana Inquest series it enables the reader to understand the significance and reliability of the testimony of certain witnesses
