Majority World Theologies Allen Yeh, Tite Tienou, 2018-10-01 Theology to the Ends of the Earth and Back Again As Christianity's center of gravity has shifted to the Majority World many younger churches in Africa Asia and Latin America are now coming of age With this maturing comes the ability to theologize for themselves not simply to mimic what they have been taught from the West As theology is an attempt to articulate through human language culture and contexts the timeless truths of the eternal and transcendent God Majority World churches have much to offer the West and the world as they contribute to a greater understanding of God discipleship and mission Within this volume is an eclectic and fascinating sampling of theologizing from around the world diverse not just in context but in content dealing with everything from Christian education to engaging Buddhists with the gospel to engagement with Santería to contextualizing native dance As Christ's message has gone to the ends of the earth it has been received but also incorporated synthesized and rebirthed in new and exciting ways that will benefit us all wherever we live and serve Changing Stories Jairo de Oliveira, 2020-10-21

Our world is facing an enormous and unprecedented challenge The migration crisis affects nearly eighty million people and represents a humanitarian catastrophe How can we ignore the suffering of men women and children who are forcibly displaced worldwide The book *Changing Stories* helps the reader to reflect on the migration crisis from a biblical perspective It evaluates refugee ministry ongoing initiatives among the world's most vulnerable people Additionally it analyzes the refugee ministry that the Arsenal Hill Presbyterian Church is developing with refugees from Syria Iraq the Congo and

Vietnam The analysis uses as a framework the Best Practices for Christian Ministry among Forcibly Displaced People document proposed by the Refugee Highway Partnership RHP Throughout the book the author answers the following questions How complex is the current migration crisis What does the Scripture say about displaced people What are some of the available tools for a refugee ministry How does a refugee ministry look in a local church What are some of the best practices for a refugee ministry The book tells many stories of refugees from different backgrounds which will help you hear voices representing hundreds of thousands of refugees who go unheard *Controversies in Mission* Rochelle Cathcart Scheuermann, Edward L. Smither, 2016-09-15 Crossing social cultural and religious barriers and making disciples of all nations has probably never been without some level of controversy This book is an attempt to hit the pause button on this rapid paced world and to reflect on how we do mission especially in light of the new layers of complexity that globalization brings While the contributors engage in new aspects of mission and cultural encounter unique to the twenty first century the underlying issues of each chapter are age old topics that have reared their heads at various times throughout history priorities in mission power struggles perspectives on cultural others and contextualization With that in mind our aims are twofold 1 to carefully consider issues causing tension and contention within current mission thought practice and strategy and then 2 to engage in serious but charitable dialogue for the sake of God s mission and the salvation of all peoples

Reading Hebrews Missiologically Abeneazer G. Urga, Edward L. Smither, Linda P. Saunders, 2023-02-28 Gaining New Insights from Hebrews God s interactions with Israel were a foreshadowing of the perfect reality in the person of Jesus absolutely God and absolutely human Jesus came to earth to establish his kingdom and all that God had initiated in the old covenant There is a continuity of theological understanding as we move from the Old Testament to the letter sent to the Christians in Rome The discussion on the theology of mission in the New Testament usually focuses on Jesus and Paul with minimal attention given to the General Epistles However Reading Hebrews Missiologically tries to fill that gap and focuses on the theology of mission in the book of Hebrews and fleshes out the unique contribution it has to the discussion of a New Testament theology of mission The twelve contributors from various theological geographical and missiological contexts explore the missionary motive the missionary message and the missionary method of the Epistle to the Hebrews All Scripture can be read missiologically and the letter to the Hebrews with its emphasis on the supremacy of Christ is no exception We pray that this book will inspire fresh approaches to practical mission in the world today **Fruit to Harvest** Gene Daniels, Pam Arlund, Jim Haney, 2019-07-19 God is at work in the Muslim world Fruit to Harvest is a cultural anthology written by a diverse group of gospel workers who live with and love Muslims You will join a global mission conversation at the forefront of gospel advance the world of Islam Like its predecessor From Seed to Fruit this book is the result of a global consultation sponsored by the Vision 5 9 Network This volume is a storehouse of missiology that offers Reflections from 47 writers hailing from 21 different countries Fresh case studies from the field of Muslim ministry Strategies for overcoming

barriers to reaching Muslims Insights from hundreds of testimonies taken from field workers in 30 different agencies working across the Muslim world **Practicing Hope** Jerry M. Ireland, Michelle L. K. Raven, 2020-07-20 The greatest crisis is being separated from Christ In the constant swirl of human suffering the church has long wrestled with appropriate responses As crises come and go the need for the church's theological missiological and practical readiness remains so that people not only survive but thrive in the context of a crisis Practicing Hope brings together global scholars and practitioners who share and think broadly about the church's mission in a world rife with crises Rather than harmonizing the voices of the contributors to provide general guidelines for generic crisis response Practicing Hope allows the reader to hear multiple perspectives on complex issues such as sustainability empowerment human rights biblical principles and missio Dei mission of God These essays highlight that being separated from Christ is the focus that will keep the church from losing its reason d'être its reason for being This book provides a potent reminder that crises are not the end sometimes they are the beginning of something better In these chapters you will find stories of hope amid unimaginable darkness Practicing Hope describes what it really means not just in theory but in practice to be the salt of the earth and light of the world Matt 5:14-15 We hope that you will be inspired as Jesus said in the parable of the Good Samaritan to go and do likewise **MAP: Missionary, Anthropologist, Professor** Jacky T.
