Dictionary Of Environmental Legal Terms

Philippe Sands

Dictionary Of Environmental Legal Terms:

Dictionary of Environmental Legal Terms C. C. Lee, 1997 Finally the last word on environmental and occupational legal terms *Dictionary of Environmental Legal Terms* This authoritative reference is the most complete accurate source for answers to all your questions about legal terms that are crucial to compliance with today's environmental laws No more guesswork or searching through reams of environmental documents Now thousands of definitions acronyms and source references are placed at your fingertips Inside you get instant access to 10 000 statutory definitions from all major environmental laws including the Clean Air Act Clean Water Act Resource Conservation and Recovery Act Safe Drinking Act and Superfund Act Regulatory definitions from the entire 40 CFR from Part 1 to Part 1517 Health related environmental definitions from 29 CFR Radioactive waste related environmental definitions from 10 CFR Common environmental engineering definitions from EPA publications 3 500 environmental acronyms including abbreviations used in EPA offices All definitions are precise and accurate ensuring that you get the answers you need to comply with environmental laws And at the end of each definition you'll find references directing you to related information in environmental codes and manuals And the dictionary also provides you with source references The next time you need accurate dependable information about relevant legal terms used in environmental law turn to this incomparable reference publications

Dictionary of Environmental Law Alan Gilpin, 2000-01-01 There is no shortage of recent dictionaries covering environmental law on reference shelves What distinguishes this title is its inclusive coverage of the international scene For example where all environmental law dictionaries have an entry for acid rain Gilpin's Dictionary informs the reader about acid rain problems in Sweden Norway Germany and The Netherlands in addition to the United States and Canada This Dictionary is useful with balanced coverage of environmental issues throughout the world due to its global inclusiveness and clear nontechnical language this dictionary should prove very useful on shelves of all types of libraries and for environmental political and legal practitioners Georgia Briscoe American Reference Books Annual 2002 Gilpin addresses the elements of environmental law with an indispensable survey of the subject The strength of this dictionary lies in its international coverage Language is nontechnical and easily accessible to general readers Gilpin is recommended for those libraries and individuals interested in international environmental law S R Moore Choice I thought Gilpin's work was excellent The coverage was thorough and extremely helpful without getting overly bogged down in unnecessary details I also felt that there was a very useful balance between national coverage as of European Union and United States statutes concepts and cases and international agreements I am certain that scholars political decision makers legal practitioners environmental activists and reference libraries will want to have Gilpin handy It may well become an indispensable reference work in environmental law and policy Thomas S Ulen University of Illinois US This new dictionary makes an important and innovative contribution to the reference literature on the environment International in scope it provides up to date entries on macro and micro issues in

environmental law in both developed and developing countries Written by an author with both practical experience in the field and six previous dictionaries to his name this book adopts non technical language to improve access to key topics in environmental law It combines the use of case studies best practice models straightforward definitions and clear explanatory boxes This dictionary will be invaluable to everyone involved with environmental law including students of law as well as those in engineering and the social sciences It will also provide essential reference for all official national and international agencies environmental protection groups and NGOs plus environment and planning departments at every level

Dictionary of Environmental and Climate Change Law Nicholas A. Robinson, Wang Xi, Lin Harmon, Sarah

Wegmueller, 2013-05-31 This state of the art Dictionary defines terms employed in international agreements national legislation and scholarly legal studies related to comparative and international environmental law and the emerging law of climate change In acknowledgement of China's growing role in this arena each term also includes its pinyin translation in order to facilitate access to the Mandarin variants The international community is developing increasingly complex environmental provisions and participating in a number of international treaties and agreements related to environmental law and regulation The complicated and highly specific nature of environmental law has led to the development of localized terminology that is not easily understood outside its country of origin Jointly prepared by scholars in China and the US the Dictionary provides a linguistic bridge between English and Chinese speakers as well as an essential reference for those interpreting and applying international environmental law multilateral environmental agreements and domestic laws that implement these treaties Students scholars and practitioners in the area of environmental law will find this groundbreaking Dictionary an invaluable addition to their libraries *Environmental Law Lexicon* Nicholas A. Robinson, 2016-07-28

Coverage includes the new legal definitions that are coming into use with respect to climate change emissions trading and the regulation of greenhouse gases *Dictionary of Legal Terms* Steven H. Gifis, 2015-12-11 Updated to include new terms and to incorporate recent changes in laws and judicial interpretations this handy dictionary Contains over 2500 legal terms defined in clear easy to understand English Translates legalese for the layperson Includes hundreds of examples to illustrate the definitions Is an ideal book for quick reference or to learn more about the law Non lawyers will appreciate the way this book cuts through the complexities of legal jargon and presents definitions and explanations that are easily understood and referenced The terms are arranged alphabetically and given with definitions and explanations for consumers business proprietors legal beneficiaries investors property owners litigants and all others who have dealings with the law Find definitions on everything from Abandonment and Abatable Nuisance all the way through to Zoning *Environmental Law* Elizabeth Fisher, Bettina Lange, Eloise Scotford, 2019 *Environmental Law Text Cases and Materials* offers a comprehensive critical and case focused approach to the subject combining insightful author commentary with carefully selected extracts to fully support students *Introduction to U.S. Law and Legal Research* Dana Neacsu, 2022-06-08 Whether studying American

law outside the United States or intending to enroll in a graduate program in the United States for an LL M it is necessary to become aware of the major differences that exist between the U S legal system and other systems of law This book helps a student bridge that gap and quickly grasp a solid introductory foundation of American law and legal research techniques that will easily permit focus on the legal field of their choice Features and Benefits Major differences and similarities between the US common law system and the civil law system Clear straightforward commentary of legal resources Analyzes in print and online repositories of law Defines basic principles of legal research Become More Effective Obtain the much needed basic principles of legal research Find out about the numerous free of charge repositories of law Learn how to strategize your research according to your resources and needs Understand the Meaning of Law in American Legal Studies Explains the different meanings of law Describes the branches of the government and how they all make law Explains the sources of statutory law case law and administrative law Explains the idiosyncrasies of legal research through the dynamic nature of US law Published under the Transnational Publishers imprint **Environmental Law** Stuart Bell,Donald McGillivray,Ole W. Pedersen,Emma Lees,Elen Stokes,2017 This edition of Environmental Law includes material on environmentalism and the law international environmental law access to environmental justice noise pollution and new legislation on pollution prevention and new case law **Principles of International Environmental Law I** Philippe Sands,1995 This post UNCED account of the frameworks standards and implementation of the international environmental law is intended for undergraduates and academics in the fields of international law politics geography economics and environmental studies It can be used on its own as a reference or course text or in conjunction with its companion collections of documents
