Heavilin, Charles W. Heavilin, 2014-07-03 From an Existential Vacuum to a Tragic Optimism The Search for Meaning and the Presence of God in Modern Literature employs a new theoretical approach to critical analysis Victor Frankl's logotherapy from the Greek logos for word or reason and often related to divine wisdom a unique form of existentialism On the basis of his observations of the power of human endurance and transcendence the discovery of meaning even in the midst of harrowing circumstances Frankl diagnoses the malaise of the current age as an existential vacuum a sense of meaninglessness He suggests that a panacea for this malaise may be found in creativity love and moral choice even when faced with suffering or death He affirms that human beings may transcend this vacuum discover meaning or even ultimate meaning to be found in Ultimate Being or God and live with a sense of tragic optimism This book observes both the current age's existential vacuum a malaise of emptiness and meaninglessness and its longing for meaning and God as reflected in three genres poetry novel and fantasy Part I Reflections of God in the Poetic Vision addresses tragic optimism hope when

there seems to be no reason for hope in poems by William Butler Yeats T S Eliot Samuel Taylor Coleridge and Gerard Manley Hopkins Part II American Angst Emptiness and Possibility in John Steinbeck s Major Novels presents a study of Steinbeck s The Grapes of Wrath East of Eden and The Winter of Our Discontent novels that together form a uniquely American epic trilogy Together these novels tell the story of a nation s avarice corruption and betrayal offset by magnanimity heroism and hospitality Set against the backdrop of Frankl s ways of finding meaning and fulfillment all obliquely implying the felt presence of God the characters are representative Every Americans in whose lives are reflected a nation s worst vices and best hopes Part III A Tragic Optimism The Triumph of Good in the Fantasy Worlds of Tolkien Lewis and Rowling defines fantasy and science fiction as mirrors with which to view reality J R R Tolkien s The Lord of the Rings C S Lewis s That Hideous Strength and J K Rowling s Harry Potter series are considered in the light of Frankl s logotherapy providing paths to meaning and the ultimate meaning to be found in God In a postmodern fragmented age these works affirm a continuing vision of God often through His felt absence and also a most human yearning for meaning even when there seems to be none providing as Frankl maintains a tragic optimism
