Making Civics Count David E. Campbell,Meira Levinson,Frederick M. Hess,2012-10-01 By nearly every measure Americans are less engaged in their communities and political activity than generations past So write the editors of this volume who survey the current practices and history of citizenship education in the United States They argue that the current period of creative destruction when schools are closing and opening in response to reform mandates is an ideal time to take an in depth look at how successful strategies and programs promote civic education and good citizenship Making Civics Count offers research based insights into what diverse students and teachers know and do as civic actors and proposes a blueprint for civic education for a new generation that is both practical and visionary

Diagrams in Civic Education Janne Holmén,Ann-Sofie Jägerskog,Daniel Schumann,Malin Tväråna,2024-08-28 This book presents the findings of three studies on the use of diagrams in civic education The first study presents an international comparison of textbook diagrams promoting national unity in diversity with examples from ten countries The second focuses on the depiction of

migration in diagrammatic form in German textbooks The final study was conducted in collaboration with teachers in Swedish social science classrooms and focuses on teaching comprehension of flow charts and scatterplots The book will be of interest to scholars of educational media didactics the history of education and citizenship education **Civics:**
