relations in this significant industry focusing on multinational corporations and large national companies in ten countries the USA Canada the UK the Netherlands Germany Australia New Zealand Singapore and Russia The extent to which multinational enterprises impose or adapt their employment practices in differing national industrial relations systems is analysed Results reveal that the global fast food industry is typified by trade union exclusion high labour turnover unskilled work paternalistic management regimes and work organization that allows little scope for developing workers participation in decision making let alone advocating widely accepted concepts of social justice and workers rights [Breadline Britain](#) Stewart Lansley, Joanna Mack, 2015-02-19 Poverty in Britain is at post war highs and even with economic growth is set to increase yet further Food bank queues are growing levels of severe deprivation have been rising and increasing numbers of children are left with their most basic needs unmet Based on exclusive access to the largest ever survey of poverty in the UK and its predecessor surveys in the 1980s and 1990s Stewart Lansley and Joanna Mack track changes in deprivation and paint a devastating picture of the reality of poverty today and its causes Shattering the myth that poverty is the fault of the poor and a generous benefit system they show that the blame lies with the massive social and economic upheaval that has shifted power from the workforce to corporations and swelled the ranks of the working poor a group increasingly at the mercy of low pay zero hour contracts and downward social mobility The high levels of poverty in the UK are not ordained but can be traced directly to the political choices taken by successive governments Lansley and Mack outline an alternative economic and social strategy that is both perfectly feasible and urgently necessary if we are to reverse the course of the last three decades One of Listmuse s Greatest British Politics books **Good Jobs and Social Services** D. Sánchez Ancochea, 2013-07-09 Few countries have achieved social development which requires simultaneously securing market and social incorporation good jobs and access to social services This book reviews Costa Rica s experience as one of the few successful cases of double incorporation in the periphery [Going for Broke](#) Michael Ashcroft, 2020-11-12 Three years ago Rishi Sunak was an unknown junior minister in the Department of Local Government By the age of thirty nine he was Chancellor of the Exchequer grappling with the gravest economic crisis in modern history Michael Ashcroft s new book charts Sunak s ascent from his parents Southampton pharmacy to Oxford University the City of London Silicon Valley and the top of British politics It is the tale of a super bright and hard grafting son of immigrant parents who marries an Indian heiress and makes a fortune of his own a polished urban southerner who wins over the voters of rural North Yorkshire and a cautious fiscally conservative financier who becomes the biggest spending Chancellor in history Sunak was unexpectedly promoted to the Treasury s top job in February 2020 with a brief to spread investment and opportunity as part of Boris Johnson s levelling up agenda Within weeks the coronavirus had sent Britain into lockdown with thousands of firms in peril and millions of jobs on the line As health workers battled to save lives it was down to Sunak to save livelihoods This is the story of how he tore up the rulebook and went for broke *The Celtic Holy Grail Quest* David Stocks, [Retail Market Study 2016](#) Marc-Christian
