Counseling To End Violence Against Women A Subversive Model:

Counseling to End Violence against Women Mollie Whalen, 1996-04-10 I found this book to be penetrating easy to read and very thought provoking It really is an excellent treatment of a sensitive subject I highly recommend it Nicolette Jackson Re Entry Center of Orange County Community College Costa Mesa California Mollie Whalen s book *Counseling to End Violence Against Women* is subversive in the best sense of the word She has tackled head on the challenge of a social action approach to working with abused women The book is provocative challenging the reader to pursue fundamental social change in the practice of counseling victims of domestic violence Ruth A Brandwein The University of Utah After years of heavy psychologizing discourse a book has finally come along that places initiation into the women s movement at the core of counseling violated women Mollie Whalen cuts through professionalization and brings the political back into the process of counseling women A wonderfully subversive work Bonnie Burstow Private Practice Toronto Feminist theory has viewed violence against women as a result of a male dominated society but traditional counseling models for battered women have largely failed to encourage social change as a solution to this disturbing epidemic Offering challenging arguments on the power of the counseling relationship to initiate change *Counseling to End Violence Against Women* unites feminist and radical feminist theory and counseling practice to promote women s liberation from violence and sexual oppression In her comprehensive model author Mollie Whalen examines the historical roles of the women s movement and the battered women s movement in relation to the development of a politically subversive approach to counseling Whalen s model focuses not only on empowering individual women but on seizing the collective power of women to end their victimization Grounded in theory this practical model also addresses professional issues that confront counselors in their work with battered women In *Counseling to End Violence Against Women* Whalen reconstructs the role of counseling with victimized women and promotes a valuable model for use in treatment and training Counselors and counseling students will find her perspective challenging and invaluable

Counseling Issues George Seber, 2013-02-09

Here is a comprehensive handbook of twenty two chapters covering all the major issues a counsellor or psychotherapist might meet in the counseling room The book is very practical and is based on sound psychological principles It provides a wealth of ideas for counseling and for structuring a series of counseling sessions It is particularly accessible to the inexperienced counsellor or psychotherapist who is often looking for some guidance on a particular topic without having to read a whole book on the subject or read something more technical The book covers basic emotional issues such as anger shame anxiety stress grief depression anxiety disorders and suicide risk and behavioural issues like addiction phobias and compulsive behaviours such as self harm and obsessive compulsive disorder There are also chapters on relationship issues such as divorce abuse of various kinds dysfunctional relationships adoption blended families and strategies for couple counseling There are two chapters on personality disorders A biblical viewpoint is added at the end of each chapter for the Christian counsellor and pastor There is an extensive list of about 500 references along with internet references throughout providing a rich source for further reading The chapters are mainly independent with minimum cross referencing

When Violence Begins at Home K. J. Wilson, Ed.D, 2013-03-15 Since its initial publication this far reaching reference has provided professionals and victims of abuse with guidance on everything from indicators of an abusive relationship to domestic violence legislation from antburnout tips for helpers to advice on leaving an abusive partner This updated edition addresses new research and programs adding information on date rape drugs stalking cyber stalking pregnancy and domestic violence and the effectiveness of batterer intervention programs Current controversial social and legal issues such as mutual battering child welfare and failure to protect policies child custody and visitation rights for batterers mandatory arrests and welfare reform are also covered Two new chapters devote attention to domestic violence in the military and to the challenging and rewarding role of those who work with battered women and their children New resources have been included to reflect the ever evolving wealth of books web sites and agencies available to both helpers and those in need

Safety Planning with Battered Women Jill Davies, Eleanor Lyon, Diane Monti-Catania, 1998-02-12 Drawing attention to the complexity of helping battered women and their children this volume introduces a new model of women defined advocacy The model emphasizes understanding a battered woman s perspective including her risk analysis and safety plan building partnerships with battered women and systems advocacy It seeks to craft courses of action that will enhance women s safety given their individual realities which might include for example a woman deciding to remain temporarily in an abusive relationship

The Heart of Intimate Abuse Linda G. Mills, PhD, LCSW, JD, 1998-08-31 This startling analysis of violence within intimate relationships contends that every abusive relationship has paradoxically a heart of its own Practitioners must acknowledge and engage this dynamic emotional center in order for interventions to succeed *The Heart of Intimate Abuse* takes a broad critical view of standard responses to abuse by today s criminal justice social work and medical systems especially those that respond to violence with coercive interventions such as mandatory arrest prosecution and reporting

laws Here is a bold vision of the core dynamics of abuse in families a vision that professionals can use to realize new policies and implement effective interventions that reach the heart of intimate abuse

Issues in the Psychology of Women Maryka Biaggio, Michel Hersen, 2007-05-08 Over the past 15 years I MB have taught a graduate level course in Psychology of Women to students in two different professional psychology programs Because my students were at the doctoral level and often had some familiarity with the psychology of women these courses focused on bringing a feminist analysis of psychology and integrating a feminist analysis into one s scholarly work and professional activities Although I used several fine psychology of women textbooks during this time I found none that was specifically designed for graduate students Thus I always augmented the textbook with journal articles on specific aspects of the topic and these focused articles have typically been well received by the students The s dents whom I have encountered in these courses have often expressed a wish for a textbook that is designed for their needs I think what they are asking for is one that could serve as a foundation for their scholarly analysis of psychology as well as a springboard for thoughtful application of a feminist perspective to the profession of psychology Therefore Issues in the Psychology of Women has been designed to serve as a textbook for advanced undergraduate or graduate courses including Psychology of Women or Feminist Analysis of Psychology This book is the collective work of authors with special expertise in their chapter topic

The Personal of the Political Marek Wojtaszek, Elżbieta H. Oleksy, Aleksandra M. Różalska, 2015-10-05 In an era of the radicalization of political ideologies in Europe long lasting societal remnants of the economic breakdown and the neoliberalist consolidation of capitalist values it is ethically relevant to critically reconceptualise the meaning and role of European feminisms and the challenges they have to confront today both locally and transnationally In the face of ubiquitous beliefs about feminism having exhausted itself such a rethinking of the place and priorities of feminist politics within and outside academia is urgently needed The popularization of the so called faux feminisms assuming attained emancipation in the present day neoliberal environment of advanced capitalism calls for close examination and creative counter strategies Bearing in mind that the patterns of oppression still prevail becoming even more and more insidious and complex it is all the more necessary to identify scrutinize and contest the vicissitudes of the dominant apparatus of control and subjugation and to demystify the purportedly gender inclusive operations of the regime As such the book seeks to renew an academic and political interest in the epistemological tradition of context created knowledge Bringing together authors from diverse geopolitical locations this volume constitutes a forum for fruitful encounters across generations and national and cultural differences contributing to a better understanding of the complexities of patriarchal ideologies and to the creation of a more sustainable communal future The book offers a collection of chapters introducing situated perspectives which adopt intersectional optics in order to analyze the transformations of the contemporary socio political realm and reflect research priorities within present day feminist scholarship

When Violence Begins at Home K. J. Wilson, 2006 Since its initial publication this far reaching reference has provided professionals and
