The Court of Arbitration (Classic Reprint) Elliott Fitch Shepard, 2015-07-11 Excerpt from The Court of Arbitration Mr President and Gentlemen of the Chamber of Commerce In response to your invitation to address the merchants and business men of this city in relation to the Court of Arbitration and the methods by which disputed questions can be brought before the court for adjudication I have the honor to submit a few words The court is the offspring of the commerce of this port and its facilities for a summary settlement of disputes may be availed of by every merchant and indeed by every resident of the great cities of New York Brooklyn Jersey City Newburg and Albany as well as of any other part of the collection district of this port upon all commercial and mercantile questions The members of this Chamber may cite one another before this court upon a notice of not less than two days nor more than five days and both they and all other parties have the right to name additional arbitrators to sit with the official Arbitrator if they so elect If they so elect then the case will go on before a Board of Three if they do not so elect then it will go on before the official Arbitrator as sole judge The provisions for the correction of any errors which may creep into the decisions is ample and simple The parties may have a rehearing before the same or a new Board of Arbitration in either case the judge continuing to serve which amounts to a review by appeal and is all that can be desired The case of Becker vs The General Insurance Co of Dresden is an illustration of this principle About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

International Courts of Arbitration Thomas Willing Balch, 1896 **International Courts of Arbitration (Classic Reprint)** Thomas Balch, 2017-09-18 Excerpt from International Courts of Arbitration In November 1864 I had at the request of General Banks a long interview with Mr Lincoln in which he questioned me then lately returned from Europe largely about trans atlantic affairs The Mexican Empire he ridiculed and said that he considered it a pasteboard concern on which we won't waste a man nor a dollar It will soon tumble to pieces and maybe bring the other down with it In speaking of England I suggested an arbitration court as possible at a future day He thought it a very amiable idea but not possible just now as the millennium is still a long way But he added There is no possible risk of a quarrel with England as we have enough on our hands One quarrel is enough for a nation or a man at a time As to the proposed court of arbitration he said Start your idea It may make its way in time as it is a good one On arriving in London December 1864 I spoke of it to several friends but found no one to treat it other than as a conceit of a well meaning weak minded enthusiast except Mr Cobden to whom I wrote as he was out of town From him I received more than one kind letter and it was stated in the New York Tribune in a letter

Dealing with Bribery and Corruption in International Commercial Arbitration Emmanuel Obiora Igbokwe, 2023-01-10 International Arbitration Law Library Volume 65 International commercial arbitration is by no means free from bribery and corruption Although a plethora of legal scholarship clearly affirms this contention a thorough study on the particularly important question of the authority and duty of international commercial arbitrators to investigate a suspicion or indication of bribery or corruption sua sponte that is on their own initiative has been surprisingly lacking This important book fills this gap inter alia by locating sua sponte authority in the position of arbitral tribunals in establishing the facts of a case and ascertaining and applying the applicable normative standards In addition to providing a comprehensive examination of how the issue of bribery and corruption is dealt with in contemporary international commercial arbitration the book also highlights the role of arbitrators in global efforts to combat transnational commercial bribery and corruption Among others the following critical issues are thoroughly investigated arbitrability of issues of public interests intermediary contracts role of arbitrators in the fact finding process party autonomy versus overriding mandatory rules iura novit curia in international commercial arbitration in the context of bribery and corruption notion of transnational or truly international public policy arbitrators duty to act as guardians of international commerce investigative tools available to arbitrators dealing with manifestly recalcitrant

parties possible consequences of violating the obligation to sua sponte investigate and the view from developing countries. The analysis leans primarily on Swiss law as Switzerland is one of the most important jurisdictions in international commercial arbitration. Switzerland has also been involved in some of the most famous and controversial arbitration cases wherein bribery and corruption became an issue. However, the study also includes a comparative analysis of the relevant laws, jurisprudence, and doctrine of other major arbitration venues, particularly England, France, and Germany. Not only in the light it sheds on how and whether international commercial arbitrators have hitherto justified the trust States have placed in them regarding the protection of the public interests, but also in the practical solutions it offers arbitrators faced with issues of bribery and corruption, this deeply researched book equips arbitration practitioners and arbitration institutions with a hitherto lacking in-depth analysis on the question of sua sponte investigation. It also provides invaluable insights on how this issue might affect the future legitimacy and expansion of this dispute settlement mechanism. Outside the field of arbitration, the book also provides jurists, legal scholars, in-house counsel for companies doing transnational business, and public officials with highly enlightening perspectives on the interaction between international commercial arbitration and public interests.

International Investment Law and the Right to Regulate Lone Wandahl Mouyal, 2016-03-10. The book considers the ways in which the international investment law regime intersects with the human rights regime and the potential for clashes between the two legal orders. Within the human rights regime, states may be obligated to regulate, including a duty to adopt regulation aiming at improving social standards and conditions of living for their population. Yet states are increasingly confronted with the consequences of such regulation in investment disputes where investors seek to challenge regulatory interferences, for example in expropriation claims. Regulatory measures may, for instance, interfere with the investment by imposing conditions on investors or negatively affecting the value of the investment. As a consequence, investors increasingly seek to challenge regulatory measures in international investment arbitration on the basis of a bilateral investment treaty. This book sets out the nature and the scope of the right to regulate in current international investment law. The book examines bilateral investment treaties and ICSID arbitrations, looking at the indicative parameters that are granted weight in practice in expropriation claims, delimiting compensable from non-compensable regulation. The book places the potential clash between the right to regulate and international investment law within a theoretical framework which describes the stability-flexibility dilemma currently inherent within international law. Lone Wandahl Mouyal goes on to set out methods which could be employed by both BIT negotiators and adjudicators of investment disputes, allowing states to exercise their right to regulate while at the same time providing investors with legal certainty. The book serves as a valuable tool, an added perspective for academics as well as for practitioners dealing with aspects of international investment law.
