

A COMPARE & CONTRAST ACTIVITY CINDERELLA STORIES

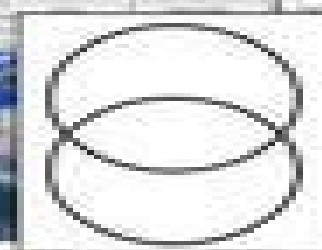

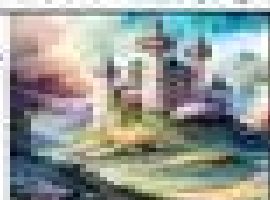

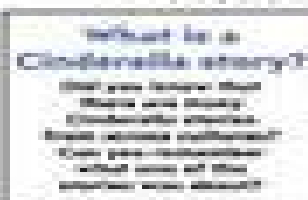

PURPOSE OF RESOURCE:

The purpose of this resource is to help your students understand the concept of comparing and contrasting. Being able to compare and contrast two stories or ideas is an important part of being an effective reader. Students will be reading different Cinderella versions as part of this activity.

Resources Included:

- Cinderella Stories Teacher Tips (1-page)
- Cinderella Stories Slideshow (5-slides)
- Cinderella Stories Student Handout (1-page)
- Cinderella Book Titles (1-page)

Tips for Resource:

The following tips are only suggestions for you as a teacher. Feel free to adapt to fit the needs of your students.

- **Cinderella Stories Slideshow:** You can introduce this compare and contrast activity with the slideshow. The slideshow contains five slides. You will need a version of Disney's Cinderella for this. There may also be an online version of this.
- **Cinderella Stories Student Handout:** It will be up to you if you want this to be a partner, group, or entire class process. Provide a copy of the handout to each student.
- **Cinderella Book Titles:** This is a list of 20 Cinderella book titles from different cultures around the world. Prior to the activity, you will want to have some available for your students to read. Your school or local library will hopefully have some hard copies of these.

Q & A: What if I can only find a few copies of the Cinderella stories?

This activity can still be done if you only have a few titles. Here are a few options if this is the case:

- Online versions of stories could be available depending on what your school subscribes to. Also, there could be some internet sites out there that would have a story available.
- Rotate the stories. For example, if you only have 5 stories and 5 groups, have groups rotate the stories to the next group when they are done reading one.
- When a group finishes reading one story, have them put it up front on a table for another group to use. That way, another group can read it when they are ready.
- Do the activity as an entire class. You or a student can read the story.
- **Student Engagement Ideas:** The following are some ideas for student engagement for this activity.
 - Prior to the activity, compare and contrast two other stories or ideas as a class (<http://www.Girls4aMinute.com> a *Cooking* versus *If You Give a Mouse a Cookie* a *Muffin*, black bear versus polar bear, Mars versus Venus, etc.). Use the Venn Diagram that is provided.
 - Ask your students to share chores they do at home that they don't mind doing and chores that they do not like doing.
 - Play a music video that relates to Cinderella.

Using narrative devices such as allusions and free associations multivalent expressions and irony the author of Esther wrote a story that is about a Jewish woman Esther during the time of the Persian exile of Yehudites and the Persian king Ahasuerus who was in power at the time At various junctures the author also used secret writing or we could say that he conveys mixed messages one is a surface message but another often conflicting message lies beneath the surface For instance the outer portrayal of the king as one of the main protagonists is an ironic strategy used by the author to highlight the king s impotent indecisive antihero status He may wield authority as symbolized by his twice delegated signet ring but he remains powerless Among all the concealments in the story the concealment of God stands out as the most prominent and influential example A growing number of scholars regard the book of Esther as a comic diversion the function and intention of which are to entertain the reader However Grossman is more convinced by Mikhail Bakhtin s approach and he labels his application of this approach to the reading of Esther as theological carnivalesque Bakhtin viewed the carnival or the carnivalesque genre as a challenge by the masses to the governing establishment and to accepted social conventions He described the carnival as an eruption of ever present but suppressed popular sentiments The connection between the story of Esther and Bakhtin s characterization of the carnivalesque in narrative is evident especially in the book of Esther s use of the motifs of reversal and transformation For example the young girl Esther is transformed from an exiled Jewess into a queen in one of the turnabouts that characterize the narrative Many more examples are provided in this analysis of one of the Bible s most fascinating books *Visual Difference* Elizabeth Heffelfinger,Laura Wright,2011 To date no text exists that focuses

exclusively on the concept of postcolonial film as a framework for identifying films produced within and outside of various formerly colonized nations nor is there a scholarly text that addresses pedagogical issues about and frameworks for teaching such films This book borrows from and respects various forms of categorization intercultural global third and accented while simultaneously seeking to make manifest an alternate space of signification What feels like a mainstream approach is pedagogically necessary in terms of access both financial and physical to the films discussed herein given that this text proposes models for teaching these works at the university and secondary levels The focus of this work is therefore twofold to provide the methodology to read and teach postcolonial film and also to provide analyses in which scholars and teachers can explore the ways that the films examined herein work to further and complicate our understanding of postcolonial as a fraught and evolving theoretical stance *New Comparison* ,2000 **Children's Literature** Barbara Stoodt,1996
