Faith and Other Flat Tires Andrea Palpant Dilley, 2012-02-21 At age twenty one Andrea Palpant Dilley stripped the Christian fish decal off her car bumper in a symbolic act of departure from her religious childhood At twenty three she left the church and went searching for refuge in the company of men who left her lonely and friends who pushed the boundaries of what she once held sacred In this deeply personal memoir Andrea navigates the doubts that plague believers and skeptics alike Why does a good God allow suffering Why is God so silent distant and uninvolved And why does the church seem so dysfunctional Yet amid her skepticism she begins to ask new questions Could doubting be a form of faith Might our doubts be a longing for God that leads to a faith we can ultimately live with *No Place Like Home* Jerri Garretson, 2023-08-21 Jerri Garretson lived a total of 33 years in Manhattan Kansas in three periods This book features 55 topics about life in the years she was growing up there plus 13 mini biographies of teachers and neighbors that were important in her life It is illustrated with over 800 photos of people places and events and even everyday objects most of us no longer use To assist readers unfamiliar with Manhattan she has included maps and to anchor local events to the nation and the world there is a timeline The book is thoroughly indexed Though many dates and events are mentioned it is not a history of the city but rather an entertaining account about the way of life in that time and place Please be aware that this is a 298 page heavily illustrated book in the same fixed format as the printed book As such it is a download of about large download of approximately 227 MB and will take much longer to download than a novel in flowing format that has no illustrations **Touched by Cancer** Mark Irving Lovell, 2020-11-20 Mark s journey and battle with cancer at the young age of fifty one came as a complete shock as you can imagine Eating right exercising and living for the future instead of living for the moment was Mark s approach to life I want to be healthy he said ready for his golden years but then suddenly within just a few short months everything fell apart Progressing from no symptoms whatsoever to advanced stage four non Hodgkin Burkitt lymphoma in less than three months Mark was in big big trouble He had been diagnosed with one of the most aggressive forms of cancer anyone can get and so his battle to survive began with the help from his wife and over thirty doctors Mark poses an interesting question in this book that asks you to reflect on your life back to the first memories from your childhood How do our choices in life and the consequences of those choices affect our life s path Those decisions can ultimately determine our physical and mental health
